Miss G. J. **ELWOOD**, Clerk of the Bureau of Immigration and Naturalization, New Post Office Building, furnished records of that office covering the naturalization of persons at Pittsburgh from the year 1906 to the present time. A thorough search of the indices of these records failed to reveal any record of naturalization of subject at Pittsburgh in the year 1921 or at any other date within the period covered by the files. The files did, however, contain the records of the naturalization of Mrs. **ESTHER ALBERTSON**, formerly **ABRAMSKI**, indicating that she was born in Bratzlav, Russia, March 15, 1884; that Mrs. **ALBERTSON** arrived at Philadelphia from Bremen, Germany on the Steamer **CHEMNITZ** February 10, 1911; that she declared her intention to become a citizen January 6, 1922 at Pittsburgh; that her final petition for citizenship number 71893 was filed March 30, 1927 and that final order of admission to citizenship was issued June 29, 1927; that at the time of her entrance into this country, Mrs. **ALBERTSON**

brought with her one child, WILLIAM ALBERTSON, born May 7, 1910 in Russia and that he was residing with her in Pittsburgh at the time of the petition. The final of admission by the U. S. Court also authorized the name to be changed from ESTHER ABRAMSKI to ESTHER ALBERTSON. Miss ELWOOD stated that there were no photographs in the file available either of Mrs. ALBERTSON or of her son, WILLIAM, inasmuch as the practice of photographing applicants for citizenship was not commenced until 1929 in this office.

The R. L. Polk and Company Directories of the City of Pittsburgh for the years 1922 to 1927 inclusive list Mrs. ESTHER ALBERTSON variously as social worker, nurse, and masseuse. The current 1940 Polk City Directory lists Mrs. ESTHER ALBERTSON as a masseuse employed by the Young Men and Women's Hebrew Association at 350 Bellefield Avenue and gives her residence as 745 Linden Avenue.

Mr. HERMAN PASSAMANECK, Executive Director of the Young Men and Women's Hebrew Association, 315 Bellefield Avenue, stated that Mrs. ESTHER ALBERTSON is employed by the association as a masseuse and had been so employed by them since approximately 1927; that he regarded her as a satisfactory employee, although some years ago she had been characterized as "pink" in her ideas. Through Mr. PASSAMANECK, writer endeavored to secure from Mrs. ALBERTSON a picture of her son, WILLIAM, but was advised that none was available. Writer was informed however, at this time, that the son of Mrs. ALBERTSON, WILLIAM ALBERTSON, resided at present at 1133 Broadway, New York City, and was employed by the Citizens Committee to free EARL BROWDER. No further information concerning the naturalization of WILLIAM ALBERTSON was available.

Mr. LEO DUMONT, of the Bertillon Division of the Pittsburgh Police, and Mr. EDMUND BISHOP, of the Division of Identification of the Allegheny County Detective Bureau, after a thorough search of the files in their respective offices advised that they could find no record of the criminal arrest of anyone by the name of WILLIAM ALBERTSON, ESTHER ALBERTSON, or ESTHER ABRAMSKI.

This informant related that in regards to this matter, the subject advised [SMITH] that he had gotten up a letter to be directed to President Roosevelt, requesting that the deportation order against MRS. EARL BROWDER be cancelled immediately; which would be mailed to about 300 Union Leaders in this city requesting them to pass such a resolution.

(U) Informant [T-3] advised that the subject had written an article in the June 7, 1930 issue of the DAILY WORKER entitled "WORKERS' DEFENSE COURSE". In this article the subject discusses the formation of Workers' Defense Course as a mass Party "auxiliary", the functioning COMMUNIST factions therein. ALBERTSON describes the main function of such Workers' Defense Course as defending the workers in their struggle against the forces of Capitalism on the picket lines at demonstrations. He states that it is not a Red front fighters organization, nor is it a labor sports union; but rather that the basis of the organization must be in the mills, mines, shops, and factories; and that it is based also on the new unions of the minorities in the AFL locals and shop committees. He stated that wherever there is a shop nucleus of the Party or League, there must be built the Workers' Defense Course. He concluded his article by stating, "The Party must begin immediately to follow up its agitators' work with real organizational work in the building of the Workers' Defense Course into a broad, mass working class organization."

(U) Informant [T-3] further related that Confidential Informant
(U) [redacted] whose identity is known to the Bureau, has advised that the subject has been a member of the STATE COMMITTEE of the COMMUNIST PARTY; a teacher in the WORKERS SCHOOL of the COMMUNIST PARTY; and has acted as an assistant to ROSE WORTIS, in charge of the trade union work of the COMMUNIST PARTY.

(U) Informant [T-3] further related that the Dies Committee reports reflect that JOSEPH SACK testified before the Dies Committee that the subject had been a member of the COMMUNIST PARTY since 1924, and that these reports also reflected that the subject was on the Reorganization Committee of the AMERICAN LEAGUE FOR PEACE & DEMOCRACY.

Subject has long been active in C.P. activities and has been in frequent contact with leading Communists in NYC such as EARL BROWDER, ISRAEL AMTER, and ROY HUDSON. the Board asking that his induction be stayed until June 1944 because he would have difficulty in finding a replacement on his job and arranging financial support for his family. On March 24, 1944 the Board advised the subject that his induction had been postponed until May of 1944 and that they wished to advise that no further deferment could be granted in connection with his case. *u*

The files of the Draft Board reflect that on June 2, 1944 the subject was reclassified to 2A until December 1, 1944 by a vote of the Local Board. The file fails to reflect that any request for deferment was submitted by the subject's employer. The clerk of the Local Board advised the reporting agent that this action on the part of the Board was probably due to the fact that the Board was very lenient in classifying men over twenty-six years of age during the months of April, May, and June, 1944. *u*

The subject's file contains a request for deferment, Form 42B, which was filed on December 18, 1944 by JOSEPH ROBERTS, Executive Secretary of the Brooklyn Communist Political Association. This form sets out that the subject is employed by the Brooklyn Communist Political Association, 26 Court Street, Brooklyn, New York, as a vice-president and his duties are described as being executive and administrative and indicated that he is in charge of educational activity. On December 28, 1944 a letter was directed by the Local Board to the Brooklyn Communist Political Association advising that the subject was being continued in Classification 2A until July 1, 1945. A vote of the Local Board on the request for the subject's deferment was four to nothing. *u*

(U)

Confidential Informant [T-1] advised on March 5, 1944 that the records of the Kings County Communist Party lists the subject as a qualified speaker and that during the first part of 1944 he was scheduled to speak before the Coney Island Communist Party Club in Brooklyn, New York. He was subsequently assigned to appear as a speaker before this club on June 24, 1944. The records of the Speaker's Bureau indicated that the subject was to speak on the subject "Social Democracy" before a gathering on March 4, 1944 and had still a further assignment as a speaker before a Communist Party sponsored forum on March 26, 1944. *u*

(U)

Confidential Informant [T-1] further advised that the subject signed a pledge, "I pledge to recruit at least three new members by March 26, 1944". According to the informant this paper bore the signatures of other members of the Brighton Beach Club, 2d Assembly District, Kings County Communist Party. *u*

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

(U) NY 65-5604

[T-1] advised that the subject's name appeared on an organizational chart of the County Communist Party as a member of the Executive Committee with the title of Labor Secretary. This chart further reflected that the subject was a member of the Kings County Labor Department which meets the second Friday of each month and that the subject is also connected with the trade union and community council committee. The informant advised that in connection with the subject's activities as Labor Secretary, one document in the offices of the County Headquarters was very interesting. It was set out as follows: "With the dissolution of the shop and industrial branches and the transfer of their members to the Community Club the post of Labor Secretary, according to county officials, assumes great importance".

[T-1] advised that the files of the County Headquarters also contain a typewritten form letter from the Kings County Communist Party, 26 Court Street, Brooklyn, New York, prepared for the subject's signature under the closing "Fraternally yours, William Albertson, Labor Secretary". The body of this letter concerned a meeting of the Kings County Labor Committee scheduled for Saturday, March 1, in Room 1903, 26 Court Street, Brooklyn, New York, at which time a discussion was to be held regarding the situation in Long Shore and the World Labor Congress scheduled for June 1944 at London, England.

Confidential Informant [T-13] furnished a copy of a report delivered by the subject at the first conference of the Brooklyn Communist Political Association on June 29, 1947. This report by the subject first discusses the power of the voting population of Brooklyn and then carries into the reasons for all-out support for the Administration in the National Elections to be held in November 1944. According to the report, now that the Allies are exerting such pressure both from the east and west on HITLER and due to the successes in the Pacific, the reactionary and Fascist forces at home are working overtime to rob us of the political and economic fruits of that military victory. According to the report, the reactionary forces hope through division, disruption and defeatism to weaken the home front to such an extent that they will be in a position to force our nation into a negotiated peace which will mean the resurgence of Fascism in Europe and reaction in the saddle in the United States. The report states that almost all the important reactionary and Fascist forces have grouped themselves around DEWEY, BRICKER, and the Republican Party.

In opposition to this faction, the report states, is the vast majority of the progressive and conservative elements in the country who want the complete destruction of Fascism, a real world family of nations guaranteeing peace for generations, and political democracy for all our people.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

NY 65-5604

The report states that the results of the National Election in November will determine which of the two roads are country will take. The report outlines the plan of attack for mobilization of force behind the win-the-war candidates. According to the report, now that the Communist Party has been dissolved and has been succeeded by the non-partisan Communist Political Association, the contribution by this group throughout the nation is to build and strengthen those forces standing behind the Teheran Pact and isolate and destroy those against. The duty of the Communist Political Association is to stimulate and deepen the thinking of the people; to lead and guide them not by control, not by fractions, not by boring from within, but by equal participation with them in their organizations and communities in the mass movement. The Communist Political Association must merge with but not dissolve amongst the masses. There must be no issuance of commands, no independent action unless no other course is open. Through the Marxist understanding, the Communist Political Association must clarify and educate the people in the trade unions as well as the other people's organizations. Through them the course and development of the whole labor movement can be influenced. U

ALBERTSON states that the historic isolation of the American Communists can be smashed in this period and recognition as to the indispensability of Communists can be recognized only to the extent that we show in action that the interests and aims of the Communists are those of labor and the people. U

The report continues with the thought that inasmuch as the role of the Communist Political Association is that of an educational organization, the task can best be met through the circulation of the "Daily Worker". The Club Executive Secretary is charged with the full and complete details of press activity. The report sets out that there is now in the process of being worked out a series of proposals for Marxist education including some full-time Borough training schools, leadership classes, and club classes. Some of the suggestions offered for avenue of approach through which different peoples might be reached by the educational facilities of the C.P.A. are the enlargement of the club bulletin in order that it might not be of interest only to club members, the use of the established publications in the Borough which could be utilized by a proper approach, a program of open club meetings to which non-association community leaders might be invited for symposia, and the recruitment of persons for attendance at the Jefferson School. U

Lastly, the report concerns the job of enlarging the membership of the C.P.A. According to the report, in the last recruiting campaign U

~~CONFIDENTIAL~~

NY 65-5604

the goal of 2750 members was achieved in Kings County making a Communist Party of approximately 8800 members. The report suggests that such a membership involved in mass work active amongst the people is in a position to influence the vast majority of the Borough's population in election campaigns and that, therefore, the enrollment of these 8800 into the Communist Political Association is an immediate political task which is the concern of every Club Executive Committee. In view of the above information, ALBERTSON states that one of the vice presidents to be elected at the meeting would have responsibility on a full-time basis for the mobilization of the Borough membership. *u*

(U)

Confidential Informant *T-1* advised on the same date that the subject's Federal Income Tax Form indicated that the subject received the sum of \$2570 during the year 1943 as a result of his employment by the Hotel and Restaurant Workers Union, New York City, and that he received the sum of \$415 from the Communist Party's New York State Committee.

2. The following investigation was conducted by Special Agent

u 155 West End Avenue, Brooklyn, New York, advised that she and her husband, were the owners of the building located at 59 West End Avenue, Brooklyn, from 1941 to March 1942 and that the subject had previously resided at that address as one of their tenants. stated that at the time the subject was living in her home he was employed as a waiter and subsequently by a labor union. stated that the subject frequently told her that he was a member of the Communist Party and on one or two occasions had invited her to join. *u*

further stated that in March of 1944 the subject thought that he was going to be inducted into the Army and that a party was held in his honor by the Brighton Beach Club located on Coney Island Avenue. advised that she attended the party and that the subject gave a speech suggesting that the members buy more war bonds and donate more blood for the war effort. According to from all outward appearances it would seem that the Communists were good loyal Americans and that they were supporting the war effort, but she believed they had an ulterior motive inasmuch as their support for the United States meant support for Russia. *u*

77 West End Avenue, Brooklyn, New York, advised that he purchased the apartment building located at 59 West End Avenue during March 1942 and that the subject had formerly lived at that address. was unable to furnish any information concerning the subject other than that he had been a very satisfactory tenant. *u*

A review of the files of this Office reflects that the subject has been extremely active in the activities of the Kings County Communist Party and its successor, the Communist Political Association. u

(U) Confidential Informant [T-2] advised on [April 25, 1944] that the subject was contacted by [BILL LAWRENCE] of the New York State Headquarters of the Communist Political Association concerning the dissolution of the industrial branches of the Party in Kings County. According to the informant, the subject stated that there were at that time two industrial branches made up of bakers and that they were being liquidated and the members would be sent to the neighborhood clubs. The informant advised that the subject stated that the doctors and teachers sections were to be dissolved right after the convention.

3 (U) [T-2] advised on [July 12, 1944] that in a [conference between WILLIAM LAWRENCE and JOSEPH ROBERTS, Executive Secretary of the Kings County C.P.A.] it was mentioned that the subject was drawing a salary of \$52.52 per week and that it was planned that he would be raised to \$55 per week.

(U) Confidential Informant [T-3] advised on September 17, 1943 that the subject contacted FERDINAND SMITH of the National Maritime Union in an effort to have him appear at a mass meeting to be held in Brooklyn during the week following that date along with EARL BROWDER. According to the informant, the purpose of the mass meeting was a peace movement.

The "Daily Worker", August 3, 1944, carried a column signed by the subject as vice-president of the Brooklyn C.P.A. concerning the responsibility of club secretaries for the distribution of the "Daily Worker" and the "Worker". According to the subject's article, this responsibility was placed on the secretary because the "Daily Worker" was one of the most effective methods of educating the people and this field of education was the duty of the club secretary. The article set out a plan for increasing the distribution of the "Daily Worker" and a notation that the plan, which had to do with personal contact on the part of the club secretary, was already in force in Brooklyn. In addition, the article made mention of the coming election in November of 1944 and reminded the club officials that the largest possible vote must be mustered in the National Election. u

The "Daily Worker" of September 10, 1944 carried a large ad announcing meetings of all C.P.A. clubs on September 12, 1944 for the purpose

of reviewing the activity of the last three months since the National convention and the change from the Communist Party to the Communist Political Association. In the list of club meetings to be held on that date and the speakers assigned to each, the subject's name appeared as the speaker for the Borough Park Club meeting to be held at 4903 12th Avenue, Brooklyn, New York. *u*

The "Daily Worker" of November 26, 1944 in the events for the coming week lists a lecture by the subject described as the Vice-President of the Kings County Communist Political Association and the subject as "Economic Problems and the Post-War Period", to be held Tuesday, November 28, 1944 at the East Flatbush Club, 1124 Clarkson Avenue. *u*

(U) The subject's community club affiliation, according to Confidential Informant [T-1] is the Brighton Beach Club of the Second Assembly District Section, Kings County Communist Political Association.

(U) Confidential Informant [T-4] advised that the account of the Kings County C.P.A. maintained at the Manufacturers Trust Company, Borough Hall Branch, 209 Montague Street, Brooklyn, New York, lists the subject as Vice-President of the organization. [T-4] advised that Check Number 84, drawn on the above account and dated October 12, 1944, was made out to the subject. This check amounted to \$25, was endorsed by the subject and the Freedom of Press, Inc., and deposited in the Amalgamated Bank.

(U) Confidential Informant [T-2] advised on July 14, 1944 in connection with the subject's affiliation with the Kings County Executive Committee he contacted SARAH SCHERER, who was acting as EARL BROWDER's secretary, concerning a request made to BROWDER that he appear at a meeting of the U.E.R.M.W.A., CIO, in Brooklyn on September 21st. According to the informant, SCHERER advised the subject that BROWDER had accepted his invitation and he might advise the union that BROWDER would appear.

Prior to the subject's association with the Kings County C.P.A., he was for several years connected with the Hotel and Restaurant Workers Union, Local 16, affiliated with the A.F. of L. The subject served this Local as secretary and later as general organizer. An article appearing in the "Daily Worker" on April 1, 1941 indicated that the subject, who was former secretary of Local 16, Hotel and Restaurant Workers Union, A.F. of L., was running for the post of general organizer on the Square Deal Ticket. This article characterized the opponents of the Square Deal slate as Right Wing Socialists and the Red-baiting element within the union. (U)

On April 10, 1941 the "Daily Worker" carried an article indicating that the subject was short sixteen votes in this campaign for the above-mentioned post and the forces opposing the subject were said to have resorted largely to Red baiting in the fight against the subject and the others running on his ticket. (U)

On June 27, 1941 the "Daily Worker" published the text of a resolution put before the membership of Local 16, the Hotel and Restaurant Workers Union, at a meeting held at the Hotel Diplomat on June 26, 1941. This resolution called for all-out aid to Great Britain and the Soviet Union in the fight to crush Fascism. (U)

Confidential Informant [T-5] ~~✗~~ (U) reported on July 23, 1942 on Communist activity in the Hotel Trades Council, Edison Hotel Annex, that the subject, who was secretary of the Hotel Union, Local 16, acted as instructor in Communism at shop meetings. ~~✗~~

According to the informant, WORTIS advised GOODMAN that the subject was responsible to see that the A.F. of L. unions got out a delegation to go to Washington and approach members of Congress on subsidy and roll-back legislation. According to the informant, WORTIS advised that a statement must be obtained for the delegation even if it is signed "only by our own people". (S) (u)

(U)

[T-2] advised that on August 17, 1943 the subject contacted SI GERSON, New York State Headquarters of the Communist Party, at which time the subject was questioned by GERSON as to whether or not the Union machinery might be used not only for propaganda purposes but also in a sort of semi-coercive way to force members to register for the coming elections. According to the informant, the subject advised GERSON that this would be possible only in a small union with a political prospective where the members had been worked on for sometime. The informant further advised that it was the subject's opinion that the union could only be used in the usual way, that is, urging the members to get out and register and through education.

(U)

4 Confidential Informant [T-7] advised on September 23, 1943 that the subject had a conference with SHIRLEY FIELDS of the Industrial Section, Communist Party, concerning the endorsement of JOE HANLEY by the State A.F. of L. in his race for the office of Lieutenant-Governor. According to the informant, FIELDS was not in favor of HANLEY but the subject believed that HANLEY had a good labor record.

(U)

6 Confidential Informant [T-8] in reporting on a series of meetings of Communist Party functionaries in September 1943 concerning the coming elections furnished information concerning a speech made by the subject on September 25, 1943. This speech was made by the subject at a meeting of various individuals identified as Communist Party members of the A.F. of L. The subject, introduced as Comrade ALBERTSON, stressed the importance of labor registering for the coming elections. According to the informant, ALBERTSON stated that inasmuch as the State A.F. of L. had endorsed JOE HANLEY for Lieutenant-Governor, it would be necessary to support General HASKELL his Democratic opponent. According to ALBERTSON, HASKELL was pro-ROOSEVELT in a win-the-war campaign whereas HANLEY was a DEWEY reactionary who was receiving the support of DAVID DUBINSKY and his reactionary forces. According to ALBERTSON, this makes it necessary for the comrades to clarify for the union the stand to be taken and the endorsement of HANLEY's defeat so that progressive labor forces may prevail. ALBERTSON stated that it must be shown that the action of the State Convention in supporting HANLEY was not representative of the sentiment of the majority of the workers.

NY 65-5604

In connection with the New York City Council race, ALBERTSON stated he was active in the re-election campaign of PETER V. CACCHIONE and that it would be necessary for everyone to act in order to assure his re-election. ALBERTSON also advocated all-out support for MICHAEL QUILL and EUGENE P. CONNOLLY as the election of these men will be a blow to the Red baiters in the State A.F. of L. ALBERTSON explained that the Party had a committee of forty prominent labor leaders working already, but that it was necessary to obtain an additional five hundred names of union officials in connection with speaking and contact assignment. ALBERTSON also discussed the use of the names in a letter campaign such as was used for ISRAEL AMTER when he ran for Congress and polled over one hundred thousand. U

(U) It is to be noted that the information furnished by Confidential Informant [T-8] concerning the subject's stand on JOE HANLEY's campaign for Lieutenant Governor differs from information furnished by Confidential Informant [T-7] on the same subject just two days previous.

(U) Confidential Informant [T-2] advised on October 18, 1943 that in a conference between SHIRLEY FIELDS and ROSE WORTIS, the matter of the subject's resignation of his union position was discussed. According to the informant, FIELDS advised ROSE WORTIS that the subject had resigned his position but did not know who told him to do it and stated that there was no agreement that he should. FIELDS advised that the subject left "under fire" and that he did not show up for the Borough meeting with "our people", in order to give his reasons for resigning. FIELDS stated that the membership was under the impression that the Administration had forced him to resign. According to the informant, FIELDS had called another Borough meeting and the subject was advised by telegram to attend. FIELDS also requested that WORTIS attend the proposed meeting.

The "Daily Worker" of October 8, 1942 in an article concerning the candidacy of ISRAEL AMTER for the Governorship of the State of New York listed the subject as secretary of the Labor Committee for the election of AMTER as Governor. This article reflected that fifty-four city A.F. of L. and CIO leaders were listed on the Committee. U

A leaflet "Trade Unionist—A Vote for Amter is a Vote for Labor", published by the Trade Union Committee for the Election of ISRAEL AMTER, listed the subject as business agent of the Hotel and Restaurant Workers Union and as being a member of the Membership Committee. U

On November 3, 1942 the Bureau furnished a list of persons obtained from an outside source which was captioned, "Labor Committee for the

The informant described the subject as a member of the New York State Committee of the Communist Party and former secretary of the H.R.W.U., Local 16, A.F. of L. According to the informant, the purpose of the meeting was to purge the anti-Communist members of the State Legislature and especially to defeat HAMILTON FISH for re-election to Congress and to support the candidacy of VITO MARCANTONIO.

In addition to the political activity engaged in by the subject during his association with the A.F. of L., the subject also assisted in the Communist-sponsored drive for trade union collaboration among the workers of Great Britain, the Soviet Union, and the United States. u

The "Daily Worker" on April 1, 1943 listed the subject as a sponsor of the "Labor for Unity and Victory Committee" which was planning a May Day demonstration May 2, 1943 at Yankee Stadium in New York City. u

The "Daily Worker" of May 1, 1943 carried an article which was made of May Day greetings by various trade union leaders and contained an article by the subject signed as General Organizer, H.R.W.U., Local 16, A.F. of L. The subject's message called the war a people's crusade to wipe out Fascism and called for unity of the United Nations in the post-war world. The message called upon the leaders of the A.F. of L. to over-ride the few Soviet-baiting appeasers in the Federation who stand in the way of Anglo-American Soviet trade unity which will be a guarantee of victory. u

On July 6, 1943 Confidential Informant [T-7] advised that in a conference with SHIRLEY FIELDS the subject discussed the matter of courses at the Workers School for new members and according to the informant, one course was to be entitled, "Principles of Communism". (U) ~~C~~ A highly confidential source advised this office that the personal effects of REA SEILER contained a list of Communist Trade Union leaders which was headed "11/27, Friday Night". Among those names listed was that of the subject. [SEILER, Clerk of the Board of Education of the City of New York, was a principal in another investigation involving a possible Communist courier system between the United States and Mexico] and was, according to this same confidential source, active in collecting funds for the defense of MORRIS SCHAPPES. The informant could not vouch for the authenticity of the list nor could he furnish any further information which might lead to the conclusive proof of its authenticity because of its source. (S) X

A portion of this list concerning the CIO stated that it had been tightly tied into the Communist Party in the United States but even more closely to the source of all Communist funds in the United States which is AMTORG. The list allegedly emits from the files of the Economics and Propaganda Division of AMTORG and indicates that close to five million dollars has been paid into the CIO coffers. According to the information, contributions have always been carefully concealed so that their source may

This list contains the names of one WILLIAM ALBERTSON of New York City with the notation that he received \$16,000. According to the report, the AMTORG records do not indicate whether the sums are payments to the people named or moneys to be used for propaganda purposes. The list on which the name ALBERTSON appears is for the fiscal year ending June 1938. (U) E

(U) Confidential Informant T-7 advised on June 28, 1943 that the subject conferred with SHIRLEY FIELDS concerning an expression of unity to be sent to Soviet Trade Unionists by the members of unions in the United States. WALSH, "a reactionary", to sign the message with him. According to the informant, ALBERTSON was to send a message directly to Russian War Relief who was to forward the messages to the Soviet. (U) (E) (L)

In the fall of 1943 information was furnished by various informants reflecting that the subject was active in the re-election campaign of Councilman PETER V. CACCHIONE. It appears from the information available that after the subject's resignation from his union position, he was engaged full time in the CACCHIONE campaign. (U) (L)

(U) On September 28, 1943 Confidential Informant T-2 advised that GIL GREEN, the State Headquarters of the Communist Party, and JOE ROBERTS, the Brooklyn organizer of the Party, in a direction concerning CACCHIONE's possibility for re-election decided that the staff in Brooklyn needed enlargement and the subject was considered for a position. According to the informant, GREEN felt that because of the difficulty the subject was experiencing in his union position, he would not be available at that time. (U) (E) (L)

On the same date the informant advised of a conference between GREEN and CACCHIONE at which time CACCHIONE asked that the services of the subject be made available to him during the campaign. The informant advised that GREEN stated that the subject could not be released from his union duties to devote time to the campaign because "we do not control the union" but conceded that the subject might work full time on the campaign and still maintain his union affiliation by going to the executive meetings of the union. GREEN advised that the subject will not run again for office in the union and that they will put another man of the subject's political complexion in his place. According to GREEN, it was not deemed feasible to ask for a leave of absence for the subject because it was felt his opponents in the union might believe that the office of organizer was not essential. According to the informant, CACCHIONE was not agreeable to this arrangement and felt that the (U) (E) (L)

~~Conf. Info.~~ [redacted] informed on May 15, 1947, that the National Mining Commission of the CP held a meeting at GEORGE DIETZ' Music Studio, 440 Wood Street from 12:30 PM until 9:30 PM. The following were in attendance:

b2
b7D

GABE KISH, Chairman of the meeting and Chairman of the Washington County Section of the CP, Washington, Pa., and member of the National Mining Commission;

TED ALLEN, West Virginia State Chairman of the CP;

ROY HUDSON, Chairman of District #5, CP;

ANTHONY KRCEMAREK, Bellaire, Ohio;

FRANK MUCCI from Illinois;

NED RASOVICH of Bentleyville, Pa.;

WILLIAM ALBERTSON of the CP National Office, New York City;

PETE KARPA, District Organizer for District #5 of the CP.

The first part of the meeting involved a discussion of a document submitted by TED ALLEN. KRCEMAREK discussed the document involving the entire program of the CP in the mining industry and stated it is too complicated and not fit for public distribution but is a good start. KRCEMAREK thinks there is a necessity for greater intervention by the state in the mining industry than in any other industry. During the past twenty-five years there has been a constant increase in the intervention of the state between the miners and the companies - this reflects the weakness of the corporations and that they have to rely on state intervention to force the miners back from concessions they would otherwise obtain. He said further that if mining is to be nationalized, it can't be done under the present administration because the administration does not serve the interests of the people but that of capital. u

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

Pg file #65-749

ALBERTSON in discussing ALLEN'S document said that it will enable the miners to know the position of the CP in regard to the miners and what they plan to do to eliminate these problems. The basic weakness of this document is that it is not a sufficiently well-rounded out program covering social and economic problems of the miners for an immediate and future program. He stressed that they should develop this program and tie it to the political situation for the development of a third party. He suggested that ALLEN be instructed to work on this document to round it out, and that the comrades should have another discussion on it within a short time, and that it be sent to the national leadership for approval so that they could later publicize it among the miners. u

The second part of the meeting was taken up with a discussion of the Party concentration in mining. This was led by KISH and all those present spoke. ALBERTSON said that the National Office is planning meetings with the IWO, the rank groups and other leftist mass organizations to get them to concentrate in the same areas where the Party is concentrating. They also plan after the public school term ends in New York City to get school teachers, who are experienced in Marxist teachings, to go out to various concentration cities to conduct classes, however, this is still tentative as they will have a hard time getting the teachers. There will be some speakers available for the mining areas. The National Office is also willing to go along on mass distribution of leaflets and pamphlets, however, they will have to decide who will take the responsibility in coordinating this material. He pointed out that the Party is not showing itself sufficiently as a political force. A mine branch is not just like a shop branch, but is rather a community branch, and instead of just dealing with union problems and influencing locals, they should also speak out on general social problems, such as sanitation. u

The third part of the meeting was a discussion around the negotiations between the miners and operators starting at 7:45 P.M., and KARPA was not present at this time. u

HUDSON pointed out that all must prepare for a strike of the coal miners on July 1st, and with this in view they must strengthen the UMWA'S position. A big problem is how to publicize the demands of the miners to win public support for a strike. He indicated that the Party should attend to activities in the fight against the anti-labor legislation now pending in Congress. u

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~
~~CONFIDENTIAL~~

Pg file #65-749

KRCHEMAREK felt that the Party push must be given for the thirty-five hour week. Before the war the basic week was thirty-five hours. This was given up only to help the war effort. As a point of information, he advised that in the last negotiations JOHN L. LEWIS was ready to settle for a forty-five hour week, but HUDSON went on to say that no matter what the final settlement is, the Party must adopt the basic slogan, "Thirty-five hour week with no reduction in pay." u

ALBERTSON pointed out that if there is a strike on July 1st and the Taft Bill is then law, the miners will have to accept many compromises. Also on the question of separate negotiations, he said that sometime ago some of the AFL leaders saw President TRUMAN and in return for a promise of veto by TRUMAN, the AFL leaders agreed to accept the special negotiation between the miners and the northern and southern coal operators. He also stated that they have tentative plans for a special edition of the WORKER for about June 29th concerning the mines. It was planned that ALLEN and KISH would submit articles for the WORKER concerning the mines. u

OFFICE MEMORANDUM - UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI

DATE: July 24, 1947

FROM : GUY HOTTEL, SAC, WASHINGTON FIELD

SUBJECT: COMMUNIST PARTY, USA DISTRICT #4
INTERNAL SECURITY C

(U)

Confidential informant [redacted] advised that on July 19, 1947 he attended a meeting of the District Committee CP, which was held at 1019 West North Avenue, Baltimore, Maryland, and that there were approximately 39 individuals present, including PHIL FRANKFELD, District #4 Chairman, and WILLIAM C. TAYLOR, D. C. Chairman.

Informant stated that it was brought out during the meeting by FRANKFELD and TAYLOR that during recent weeks WHITEY GOODFRIEND of Baltimore had started rumors concerning the leadership, particularly of PHIL FRANKFELD at District #4. Seventeen members of the party were involved and it was stated that all were leaders in their respective Union Shops. A complaint was made to the District Board, which in turn formed a trial commission. As a result of the findings of this commission, WHITEY GOODFRIEND was penalized by being dropped from the party for one year. Another involved was HERB HALL, and he in turn was dropped from the District Board for his participation. According to informant, his understandings of the affair show that GOODFRIEND began criticizing FRANKFELD, and comparing his leadership with that of AL LANNON, former District #4 Chairman. It appears that GOOD FRIEND had sometime during the several weeks prior to the formation of the trial commission gone to New York and filed a complaint with the National Office. It was stated that he had pointed out to others involved that the National Office had sent BETTY GANNETT and ALBERTSON down to District #4 to investigate. TAYLOR referred to the matter at the meeting as a "vicious functionary, which was under the direction of WHITEY".

This informant has further advised that he attended a City Committee Meeting in Washington recently, and that GANNETT and ALBERTSON were present and that it appeared to him that they were in Washington to find out if the local members of the party were satisfied with the leadership and also to ascertain why the party had not spent more time concentrating on the recruiting of negroes in Washington.

Informant finally stated that in his opinion the local members of the party were not satisfied with the local leadership, informant having in mind particularly BILL TAYLOR, negro Chairman.

NATIONAL COMMUNIST PARTY ACTIVITIES

Confidential Informant [T-1] advised on December 4, 1946 that a plenum of the National Committee of the Communist Party U.S.A. was held in the Roof Room of the Hotel Diplomat, 108 West 43rd Street, New York City, on December 3rd, 4th and 5th, 1946. On Wednesday afternoon, December 4, 1946, WILLIAM ALBERTSON read the speech of Communist Councilman PETER V. CACCHIONE who was unable to attend. At the Thursday morning session JOHN WILLIAMSON, National Labor Secretary, delivered a report on Party work in the AFL and quoted as an excerpt from his speech pertaining to his subject: "This decisive change in Party participation and work among AFL workers cannot be done alone by the Trade Union Department even though we have Comrade Bill Albertson assigned to concentrate on AFL work."

Pittsburgh Confidential Informant [] on December 15, 1946 advised that the NATIONAL MINING COMMISSION of the Communist Party held an afternoon conference at 440 Woods Street, Pittsburgh, Pennsylvania. STEVE NELSON, Chairman of the NATIONAL GROUPS COMMISSION, and the subject, as Assistant Labor Secretary, were representatives of the National Communist Party Headquarters in New York City and were among those present at the meeting. Others were listed as FRANK MUCCI, Communist Party organizer of District #8, Chicago, Illinois; ANTHONY KNCHEMAREK, Ohio Valley Communist Party Organizer; TED ALLEN, former West Virginia State Communist Party Chairman; ROY HUDSON, Chairman of District #5, Pittsburgh, Pennsylvania, and GABOR KISH, member of the NATIONAL COMMITTEE.

At this meeting the subject reported on various proposals discussed by the "Center" on the coal strike at that time. He indicated that WILLIAM FOSTER would write an eight page pamphlet on mining directed to the miners which would contain a Christmas greeting to them from the Communist Party. The "Center" also proposed that the possibility of establishing a "National Mining Paper" would be considered. The first edition was to have 10,000 copies for distribution to the miners. U

ALBERTSON indicated that before April 1, 1947 the Communists must see that the demands of the electrical workers were necessary to secure their contemplated wage demands. The three unions should urge the strike at the same time. He continued by stating that in view of the fact that miners take April 1st as a holiday the other three unions above mentioned should declare April 1st a holiday also. u

In connection with the meeting of the NATIONAL MINING COMMISSION on December 15, 1946 the National "Center" of the Communist Party planned a discussion on the results of the inspection of District No. 5 on the Monday following the return of NELSON and ALBERTSON to New York. In this regard Pittsburgh Confidential Informant [] advised that ROY HUDSON, DAVE GRANT, TOM FITZPATRICK, GABE KISH and BEN CARREATHERS appeared before the National Board of the Communist Party at New York City on Monday, December 30, 1946, to discuss the results of the "inspection" of District #5 of the Communist Party.

The informant related that at a District Buro meeting held at Party Headquarters on the evening of January 8, 1947 a report was given to the members of the Buro on the meeting held in New York City. The meeting at New York City was opened at Noon by a report given by ROY HUDSON which was followed by a question period by members of the National Board. Then BILL ALBERTSON and STEVE NELSON gave a report on their visit to Pittsburgh. This was followed by a resume of the weaknesses in District 5 by members of the National Board JACK STACHEL, ELIZABETH GURLEY FLYNN, EUGENE DENNIS and WILLIAM FOSTER. u

Baltimore Confidential Informant [] furnished this office with a letter dated December 11, 1946 addressed to PHILIP FRANKFELD, Chairman of Communist Party District 4, by WILLIAM ALBERTSON. This letter noted that in line with the decisions made by the recent plenum based on Comrade WILLIAMSON's Special Trade Union Report, the subject would be in Baltimore from Sunday, January 19th to Tuesday, January 21st. The letter stated that it would be good if a conference on a district-wide scale of leading Comrades in AFL work be organized for one of these days, the remainder of the time to be spent with leading people in respective industries, especially the concentration industries. (S) (u)

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

NY 65-5604

[5] On December 23, 1944, according to Baltimore Confidential Informant [5], a telegram was directed to the subject stating that arrangements had been completed for him to be in Baltimore as set out above.

On December 24, 1946, the same informant reported that WILLIAM ALBERTSON was not known at 35 East 12th Street whereupon instructions were given for the telegram to be sent in care of JOHN WILLIAMSON at the Communist Party Headquarters on the 9th floor. On January 18, 1947, the informant related that JOHN WILLIAMSON had wired the local Party Headquarters at Baltimore stating that "ALBERTSON VERY SICK. UNABLE TO GET SUBSTITUTE. YOU MUST HANDLE YOURS."

Confidential Informant ND-426 on April 28, 1947 furnished an undated rough draft letter by WILLIAM ALBERTSON which was addressed to ROY HUDSON, Chairman of District 5, Pittsburgh, Pennsylvania, commenting that HUDSON's instructions had been received and ALBERTSON considered that a two day meeting on the 10th and 11th should go through even though he alone could attend. They must come to conclusions on what should be done concretely in the everyday concentration work and not only when a special situation develops. ALBERTSON urged that they have this meeting to finalize some questions.

Confidential Informant [] on December 26, 1946, advised that the subject was among a group from the Communist Party National Headquarters who were making a tour through Ohio and were to be in Akron, Youngstown and Toledo between January 12th and 15th, 1947.

By letter dated January 30, 1947 the Cleveland office related that Confidential Informants [] and [] by reports dated January 12, 1947 advised the Cleveland office of the activities occurring at a meeting of the AFE Club of the Communist Party of Summit County held at the Akron CP Headquarters on January 12th at which meeting WILLIAM ALBERTSON, Assistant National Labor Secretary, was present. Confidential Informant [] reported that ALBERTSON made a speech emphasizing the mistake the Party had made in neglecting to build Party Clubs in the AFL while it had been making progress in the CIO. ALBERTSON was quoted by [] as stating that although the top executives of the AFL are reactionary in their thinking there were plenty of progressives in the lower levels of the local forces and in the rank and file members.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

NY 65-5604

ALBERTSON continued by declaring that the new policy of the Communist Party is to infiltrate the ranks of the AFL and to seek to undermine the policy of its top executives and to achieve a unity with the CIO in "the fight against the forces of big business and reaction represented by the new Congress", to crush the progressive movement, smash the unions and establish American Fascism preparatory to following an American imperialistic line abroad. *u*

Confidential Informant *el* [redacted] provided substantially the same information as [redacted] regarding this meeting but further quoted ALBERTSON as stating that there are 10,000 Communists in the AFL Unions in this country and that the Party must concentrate their efforts for AFL members in the coming months.

X Confidential Informant *el* [redacted] on January 14, 1947 reported that on that date an American Federation of Labor meeting was held at the Ohio State Communist Party Headquarters, 2056 East 4th Street, Cleveland, Ohio. The chief speaker was William Albertson who was introduced by GUS HALL, Chairman of Cuyahoga County CP, as Assistant Labor Secretary of the National Communist Party. ALBERTSON in his remarks asserted that the CP National Committee had decided that work in the AFL was at a low ebb as not a single Communist was a delegate to the last AFL convention. Hence, in the future the Party must concentrate its efforts on this labor organization. ALBERTSON said there were only 10,000 Communists in the AFL and therefore (they) would not be in a position for sometime to change the top leadership. However, possibly the outlook of the locals could be modified to encourage a more progressive policy this year. Thousands of AFL members, ALBERTSON said, were no less progressive than CIO members who followed the ROOSEVELT-WALLACE foreign policy. These individuals now lack leadership and were lost. The Communist Party must establish in these locals a program which was "not Left Wing but progressive" and move these thousands against present policies of the AFL. In this connection ALBERTSON pointed out that the Communist Party AFL Labor Conference to formulate a definite program in this connection had been already scheduled.

Washington Confidential Informant *el* [redacted] on March 31, 1947 made available a letter dated March 13, 1947 on the letterhead of the Communist Party U.S.A. addressed "To All Districts" and signed "ALBERTSON". This letter related that "they" were calling a meeting "of our Comrades employed in the industry referred to. This meeting will take place in Cleveland, Ohio on Sunday, April 20th at 10:00 A.M." This letter continued by noting that the meeting was assuming great importance because of the AFL convention and its powerful influence on the labor movement. The conference in another industry which was originally scheduled for Milwaukee on April 12, 1947 had been postponed.

"1. Now that the Communist Party has been dissolved and the non-partisan Communist Political Association has been established, we may well ask ourselves how will our Communist club function? That may be best answered by discussion of our present day role." *u*

"2. Our contribution to the nation is to build and strengthen those forces for Teheran and to isolate those against. We must stimulate and deepen the thinking of our people. We leading, guide them, not by control, not by fractions, not by boring from within, but by equal participation with them in their organizations - communities, and mass movements. We merge with, but do not dissolve amongst the masses. We issue no comments, we take no independent action, unless no other course is open. Instead we work for full collaboration and organization of real united action, drawing in ever larger and larger numbers of people. Through our Marxist understanding we clarify and educate the people in the trade unions as well as the other peoples organizations. Through them we influence the course and development of the whole labor movement." *u*

"We are now in the period when the historic isolation of the American Communists can be smashed. We can win recognition as to the indispensability of the Communists only to the extent that we Communists show in action that the interests and aims of the Communists are those of labor and the people. To that extent we will deepen their political understanding." *u*

This issue contains an article by WILLIAM ALBERTSON entitled, "Workers Defense Course". In this article, ALBERTSON discusses the formation of a workers defense course as a mass party "auxiliary" of the functioning Communist factions therein. He describes the main function of such a workers defense course as defending the workers in their struggle against the forces of capitalism on the picket lines and at demonstrations. He states that it is not a Red front fighters organization nor is it a labor sports union; but rather, that the basis of the organization must be in the mills, mines, shops and factories, and that it is based also on the new unions of the minorities in the AFL locals and shop committees. He stated that wherever there is a shop nucleus of the Party or league, there must be built the workers defense course. *u*

He concluded his article with the following:

"The Party must be given immediately to follow up its agitator's work with real organizational work in the building of the workers defense course and to a broad mass working class organization." *u*

He indicated that WILLIAM FOSTER could write an eight page pamphlet on mining directed to the miners which would contain a Christmas greeting to them from the Communist Party. The "Center" also proposed that the possibility of establishing a "National Mining Paper" would be considered. The first edition was to have 10,000 copies for distribution to the miners. ~~u~~

(U) ~~CONFIDENTIAL~~ T-7 can testify that through the cooperation of Pittsburgh Informant GD-1 on May 13, 1947 that the National Mining Commission of the CP held a meeting at GEORGE DIETZ Music Studio, 440 Wood Street from 12:30 P.M. until 9:30 P.M. The following were in attendance: ~~u~~

GABE KISH, Chairman of the meeting and Chairman of the Washington County Section of the CP, Washington, Pa., and member of the National Mining Commission;

TED ALLEN, West Virginia State Chairman of the CP;

ROY HUDSON, Chairman of District #5, CP;

ANTHONY KRCHMAREK, Bellaire, Ohio;

FRANK MUCCI from Illinois;

NED RASOVICH of Bentleyville, Pa.;

WILLIAM ALBERTSON of the CP National Office, New York City;

PETE KARPA, District Organizer for District #5 of the CP. ~~u~~

The first part of the meeting involved a discussion of a document submitted by TED ALLEN. ALBERTSON in discussing ALLEN's document said that it will enable the miners to know the position of the CP in regard to the miners and what they plan to do to eliminate these problems. The basic weakness of this document is that it is not a sufficiently well-rounded out program covering social and economic problems of the miners for an immediate and future program. He stressed that they should develop this program and tie it to the political situation for the development of a third party. He suggested that ALLEN be instructed to work on this document to round it out, and that the comrades should have another discussion on it within a short time, and that it be sent to the national leadership for approval so that they could later publicize it among the miners. ~~u~~

The second part of the meeting was taken up with a discussion of the Party concentration in mining. This was led by KISH and all those present spoke. ALBERTSON said that the National Office is planning to get them to concentrate in the same areas where the Party is concentrating. They also plan after the public school term ends in New York City to get school teachers who are experienced in Marxist teachings, to go out to various concentration cities to conduct classes; however, this is still tentative as they will have a hard time getting the teachers. There will be some speakers available for the mining areas. *ak*

Can testify that at a meeting of the Communist Party leaders held at the District Headquarters of the Communist Party of Western Pennsylvania, 426 Bakewell Building, 417 Grand Street, Pittsburgh, Pennsylvania on December 19, 1946, WILLIAM ALBERTSON, the National CP Assistant Labor Secretary, was the principal speaker and declared that the American people are easily fooled because they believe what they read in the capitalist press and that it will always be so until hunger forces the American people to see otherwise. The capitalists are, by their actions, helping to bring the day when the Communists will be the leaders in this country. ALBERTSON continued that the people in Europe and Asia were fooled by the capitalists to the point when the leaders became so strong that they introduced Fascism which the whole world eventually had to wipe out. In America, however, outside armies will not be called in to stamp out Fascism--the people themselves will have to do the job. *ak*

These informants by reports dated January 12th, 1947, can testify to the activities occurring at a meeting of an AFL Club of Summit County Communist Party held at the Akron CP Headquarters on January 12th at which meeting WILLIAM ALBERTSON, Assistant National Labor Secretary, was present. Confidential Informant reported that ALBERTSON made a speech emphasizing the mistake the Party had made in neglecting to build Party Clubs in the AFL while it had been making progress in the CIO. ALBERTSON was quoted by as stating that although the top executives of the AFL are reactionary in their thinking there were plenty of progressives in the lower levels of the local forces and in the rank and file members. *ak*

ALBERTSON continued by declaring that the new policy of the Communist Party is to infiltrate the ranks of the AFL and to seek to undermine the policy of its top executives and to achieve a unity with the CIO in "the fight against the forces of big business and reaction represented by the new Congress", to crush the progressive movement, smash the unions and establish American Fascism preparatory to following an American imperialistic line abroad. *WKA*

(U) Can testify that through the cooperation of Confidential Informant [redacted] on January 14, 1947, an American Federation of Labor meeting was held at the Ohio State Communist Party Headquarters, 2056 East 4th Street, Cleveland, Ohio. The chief speaker was WILLIAM ALBERTSON who was introduced by GUS HALL, Chairman of Cuyahoga County CP, as Assistant Labor Secretary of the National Communist Party. ALBERTSON in his remarks asserted that the CP National Committee had decided that work in the AFL was at a low ebb as not a single Communist was a delegate to the last AFL Convention. Hence, in the future the Party must concentrate its efforts on this labor organization. ALBERTSON said there were only 10,000 Communists in the AFL and therefore (they) would not be in a position for sometime to change the top leadership. However, possibly the outlook of the locals could be modified to encourage a more progressive policy this year. Thousands of AFL members, ALBERTSON said, were no less progressive than CIO members who followed the ROOSEVELT-WALLACE foreign policy. These individuals now lack leadership and were lost. The Communist Party must establish in these locals a program which was "not Left Wing but progressive" and move these thousands against present policies of the AFL. In this connection ALBERTSON pointed out that the Communist Party AFL Labor Conference to formulate a definite program in this connection had been already scheduled. *WKA*

POLITICAL AFFAIRS

September 1947 Issue

Pp. 867 - 835, inclusive

Published by New Century Publishers

832 Broadway, New York City

A magazine devoted to the theory

and practice of Marxism and Leninism u

This issue contains an article by WILLIAM ALBERTSON entitled, "Labor Fights Back" which deals with the purported unconstitutionality of the Taft-Hartley Law. There is being set forth a pertinent portion of this article: u

"And to the extent that Communist and non-Communist trade union leaders fight this Red baiting as an employer instrument, to that extent will the Red baiters find their employer instigated cries fall on deaf ears. Nothing and no one, not even the slave labor law and its conscious and unconscious aids inside the labor movement, can take away their right of the workers to elect anyone they choose, whether they be Communists or not to positions of union leadership. u

"The Communist Party has proved its policies and actions that its only interests are the advancement of the needs and desires of the workers and the defense of those interests against the attacks of big business. It is no accident, therefore, that members of trade unions who are Communists, are always among the front line fight for victory for the workers and their unions in the struggle to improve labor's economic and political conditions. Progressive trade unionists are learning that the CP is part and parcel of the American labor and progressive movement that the policies of that Party are in the interests of the workers and the people generally. And to the extent that trade unionists who agree with these policies speak out for them and defend them in common discussion and debate with all trade union members, to that extent will the Red baiters take 'second money'. u

"Now that the Taft-Hartley Bill has become law, such united labor action as was witnessed in the fight against its enactment must be increased a hundredfold. Single unions, acting by themselves will not find it easy to defend the interests of their membership. To be successful, they will have to unite in defense of one another on a local community scale as well as nationally." u

In the 1937 yearbook of the Young Communist League of America, there appeared in a section thereof, captioned "Alumni Tintypes", a biographical article concerning YCL'ers who graduated into the Communist Party. Among the biographical sketches was the following one pertaining to ALBERTSON: u

"BILL ALBERTSON, today secretary-treasurer of the Hotel and Restaurant Workers Union, Local 6, is one of the comparative newcomers to the Young Communist League. He joined in 1928. u

"Born in Pittsburgh in 1910, BILL has held every imaginable kind of job--soda jerker, waiter, newsboy, grocery clerk and packer. At the age of 18 he organized his first strike, in the Hermes Ice Cream Plant. That was the year Pittsburgh University kicked him out of college for speaking his mind about the frameup of TOM MOONEY. u

"BILL's interest in sports brought him to the Western Pennsylvania Labor Sports Union, of which he soon became secretary. Later he became National Secretary of the union and editor of 'Workers' Sports'. He served a period as Young Communist League district organizer in Pittsburgh and the anthracite region. In 1932, BILL became a member of the Food Workers Industrial Union, editor of 'Food Worker' and head of the New York Trade Union City Council." u

And to the extent that trade unionists who agree with these policies speak out for them and defend them in common discussion and debate with all trade union members, to that extent will the Red baiters take 'second money'. U

"Now that the Taft-Hartley Bill has become law, such united labor action as was witnessed in the fight against its enactment must be increased a hundredfold. Single unions, acting by themselves will not find it easy to defend the interests of their membership. To be successful they will have to unite in defense of one another on a local community scale as well as nationally." U

Confidential Informant [T-4] (u) advised that on [October 6, 1947] WILLIAM ALBERTSON, Assistant National Labor Secretary of the CP, USA [had contacted RUTH YOUNG, Executive Secretary of UERMWA-CIO, District #4, and requested her to have the UERMWA delegates to the National CIO Convention, believed to be JAMES MCLEISH, ERNEST DEMAIO, WILLIAM GENTNER, and THOMAS FITZPATRICK meet with him at a dinner on October 10, 1947. The informant believed that this was a conference held for the purpose of instructing these delegates as to action desired of them by the CP.] (u)

The informant also indicated that ALBERTSON, had, [on October 6, 1947, contacted MYER STERN, Director of District #1, United Packing House Workers of America - CIO, at which time ALBERTSON requested STERN and his "friend from Chicago", believed to be HERBERT MARCH, UPWA Director, District #1, Chicago, or RALPH HETSTIN, UPWA President, to have dinner with him on October 10, 1947 prior to their attendance at the National CIO Convention. This meeting, according to the informant, was also to be held in conjunction with the above mentioned meeting with the UE delegates in preparation for the CIO Convention.] (u)

Confidential Informant [T-1] ~~(u)~~ on September 11, 1947, reported that ~~As~~ ascertained from GEORGE SISKIND that WILLIAM ALBERTSON was leaving New York and was taking his family with him. In this connection, SISKIND is reported to have stated that a party was never able to get anyone to go to Pittsburgh and that ALBERTSON had requested this transfer. ~~(u)~~

On September 22, 1946, Confidential Informant [T-1] ~~(u)~~ indicated that WILLIAM ALBERTSON and his wife had considered a transfer to Pittsburgh and had agreed that although ALBERTSON's salary would not be as satisfactory as they had hoped it would be, nevertheless they were pleased that the transfer was taking place. The reason for this, according to the informant, was that ALBERTSON had not been satisfied with conditions at the National Office "center" (9th floor—National Office) and agreed that he and his wife did not belong in New York, and, therefore, welcomed a chance to get to Pittsburgh after a period of suffering. Although ALBERTSON heard of unfavorable comments regarding "people" there, he was going to consider everybody there as a good person until he learned differently. This latter comment was based on "vicious gossip" propounded by SADY WEISS, wife of MAX WEISS, who had been complaining of conditions at Pittsburgh and at the National Office. ~~(u)~~

On September 25, 1947, Confidential Informant [ND 426] ~~(u)~~ made available to SA [] and SE [] an undated rough draft letter addressed to ROY HUDSON, Chairman of District #5, CP, USA, Pittsburgh, Pennsylvania, from WILLIAM ALBERTSON, who had been acting as Assistant National Labor Secretary of the Party. This letter indicated that ALBERTSON desired to raise the question of his salary prior to his moving to Pittsburgh, desiring more than \$45 as net pay, as this amount would be \$19 less than he is presently receiving. ~~(u)~~

The informant also reported that ALBERTSON received two letters from Pittsburgh postmarked September 11th and 13th, 1947, with the return address, Party Headquarters, 426 Bakewell Building, Pittsburgh, Pennsylvania. The contents of these letters were not known to the informant. ~~(u)~~

~~(u)~~ Confidential Informant [] furnished a letter dated September 30, 1947, which set forth the current Communist Party Districts throughout the country along with personnel changes. [It was noted from this letter that] WILLIAM ALBERTSON was listed as the Secretary of District #5 at Pittsburgh, Pennsylvania. ~~(u)~~

Confidential Informant [T-1] ^(u) indicated that on [October 14, 1947] ^(u) WILLIAM ALBERTSON had indicated to him that he would not have to leave New York until October 27, 1947, and was at this time winding up various duties at the National Office. ^(u)

On October 27, 1947, [T-1] ^(u) indicated that SARAH SCHERER, Chief Stenographer at the National Headquarters, had been contacting various CP functionaries in the New York Area requesting them to attend a farewell party for BILL ALBERTSON at the headquarters on that date as ALBERTSON was leaving that evening for Pittsburgh. ^(u)

By letter dated October 27, 1947, the Pittsburgh Office advised that Confidential Informant [redacted] ^(u) had advised that the subject arrived in Pittsburgh, Pennsylvania on October 27, 1947 to take over his duties as the new Secretary of District #5 of the Communist Party. In addition, the informant had indicated that ALBERTSON was residing at 1141 Portland Street, Pittsburgh, Pennsylvania. ^(u)

b2
b7D

Confidential Informant [T-5] ^(u) on June 15, 1947 made available newspaper and periodical references concerning the activities of the subject during the years 1929 to 1931. These references, according to the informant, were available at the New York Public Library. The first of these was an article appearing in "New Masses" for June 1929, Page 6, which was an article by WILLIAM ALBERTSON entitled, "We Get Expelled from College". This article indicated that ALBERTSON was Chairman of the Liberal Club's Executive Committee "on class justice" at the University of Pittsburgh, and that the organization by demanding its rights as a campus organization had brought before the workers and students the basic issue in the fight, "The Class Control of Education by Capitalists". This fight, according to the article, was based on the case of TOM MOONEY and WARREN BILLINGS who were given a life sentence for the purported hurling of a bomb into a preparedness parade in San Francisco at a strike of the San Francisco streetcar workers in 1916. ALBERTSON, as a member of the International Labor Defense, held a meeting in protest of the MOONEY case, and as a result, was ordered to dissolve the Liberal Club at the University of Pittsburgh but failed to do so. ^(u)

On May 2, 1929, ARTHUR C. McDOWELL and the subject were told "By order of Chancellor JOHN C. BOWMAN, you are expelled because of your activities in the Liberal Club since April 18, 1929." The expulsions took place, and ALBERTSON related, "I was charged with being a Communist in the expulsion statement." The article then related that his case was to be fought on the basis that a Communist had a right to go to school. ^(u)

MISCELLANEOUS

Confidential Informant [T-6 on April 26, 1947, advised that JOHN WILLIAMSON, National Labor Secretary, and the subject held a conference on various activities that ALBERTSON was conducting for WILLIAMSON as WILLIAMSON was disabled because of an ear condition. In this connection, ALBERTSON referred WILLIAMSON to a Dr. HERBERT GOODMAN, 1141 Eastern Parkway, Brooklyn, New York, for treatment to his ear as "he is one of our friends." *u*

The Daily Worker for August 21, 1947, contains a photograph of EUGENE DENNIS, General Secretary of the CP, JOHN GATES, Daily Worker Editor, HENRY WINSTON, CP Administrative Secretary, JACK KLING, CP National Treasurer, and the subject, Assistant Labor Secretary of the CP, and his wife, indicating that they were present at Ebbets Field, New York, attending the Dodger game together. *u*

On August 22, 1947, Confidential Informant [ND 426] made available to SA [] and SE [] the minutes of the Constitutional Convention of the New York CPA on June 10 and 11, 1944. The subject is presently organizational secretary of District 5 of the Communist Party. He is the former assistant labor secretary of the Communist Party, U. S. A. Because of his active part in formulating policy in District 5, Communist Party, it is believed that ALBERTSON should probably be designated as a "leading functionary." WILLIAM ALBERTSON

82216

New York, N. Y.,

January 26, 1948.

William Albertson was born in Pittsburgh in 1910 and has held every imaginable kind of a job, such as soda jerker, waiter, newsboy, grocery clerk and packer. He was thrown out of the University of Pittsburgh for speaking his mind on the frame-up of Tom Mooney. He also served as Y.C.L. district organizer and then transferred to the Anthracite region.

This is in addition to the educational advantages he secured in New York City.

The story of his expulsion from the University of Pittsburgh can be found on page six of "New Masses" for June 1929, written by himself. He was then president of the Communist Liberal Club at the University. He also organized the Pittsburgh Branch of Labor Sports Union.

On June 7, 1930 he wrote an article for the Daily Worker on "Workers Defense Corps", which was plainly treasonable.

He was secretary of the Anti-War Youth League, a united front organization including groups from the I.W.O., Y.M.C.A., Y.M.H.A. and Young Communist League which was organized in January 1932 in New York City.

In April-May 1929 the American Civil Liberties Union took legal action against the University of Pittsburgh in behalf of Albertson for reinstatement. The attorney in the case was Henry Ellenbogen.

When "The Communist", the official monthly magazine of the Communist party, sent out advertising statements to increase its subscription in January 1927, it said in bold type, "Now The Communist Has Helped Re-Inducted High School Work signed W. Albertson."

Thus Albertson returns to Pittsburgh as a well trained, crafty party leader who had filled twenty assignments given to him by the Secretariat.

RE: William Albertson

William Albertson is presently the organizational secretary for District 5 of the Communist Party, USA, which covers Western Pennsylvania. He was transferred to this position from the National Headquarters, Communist Party, USA, New York City, in October, 1947, and serves as a full-time, paid Party functionary. (u)

In addition to present technical coverage on Communist Party Headquarters in Pittsburgh, Pennsylvania, it is believed that a technical surveillance on the residence of Albertson, 3122 Iowa Street, will be productive of much information of value. (C) (u) (C)

I recommend, therefore, that authorization be granted for the installation of a technical surveillance on the residence of William Albertson, 3122 Iowa Street, Pittsburgh, Pennsylvania. (C) (u)

SAC Thornton of the Pittsburgh Office called at 12:25 p.m. today and requested authority for a technical surveillance on the above-named subject, who is the Organization Secretary, District 5, Communist Party, USA, Western, Pennsylvania. He was transferred to this position from the National Headquarters, New York City, in October, 1947. He serves as a full-time, paid Party functionary. It is desired that the technical installation be made at his residence, 3122 Iowa Street, Pittsburgh, Pennsylvania. The cost will be about \$5.00 per month and no extra manpower will be involved in handling the coverage. Mr. Thornton stated there will be no technical difficulties, as it will be standard installation and will involve no unusual security risks. *(C)(u)*

I told Mr. Thornton we would make the necessary request of the Attorney General this afternoon. He advised the telephone company is making an installation this afternoon or tomorrow, and he will tell them to make the installation of the type that if coverage is deemed desirable it can be effected without any further wiring. *(C)(u)*

INTERNAL SECURITY - C

Reurlet May 13, 1948, advising that a technical surveillance on Albertson was placed in operation on May 13, 1948. You also advised that symbol number PI-16 will be used for reporting room coverage and telephone traffic will be reported as PI-17. Evidently you have installed a combination telephone and microphone surveillance and the Bureau records indicate that on May 7, 1948, a technical surveillance only was mentioned. There is no objection to the continued use of this combination surveillance if such is the present arrangement. However, in the future when requesting a combination surveillance involving both a wire tap and a microphone a specific request for that type of coverage should be made. (C) (U)

RECORDED - 1
EX-44
Reurlet June 4 in which you advised that the installation in this case involves a standard technical surveillance which, in addition to furnishing telephone conversations, makes it possible to pick up room conversations when the hand set is down. In order to pick up the room conversation the microphone in the instrument is utilized. According to referenced letter it was your belief that this type of installation is described as a technical surveillance. For your information this type of surveillance which utilizes both a wire tap and a microphone in the telephone instrument has been known to the Bureau as a combination mic-tel surveillance. The rules applicable to microphone surveillances have always been applied to combination mic-tel surveillances, namely, that authority must be received from the Bureau to install both sides of the surveillance. If a combination mic-tel surveillance is desired, such a request should be made of the Bureau. In this instance you requested a technical surveillance more commonly known as a wire tap. Instead, however, you installed a combination mic-tel surveillance. (C) (u)

It is also noted in your letter of June 4 that Albertson's telephone is on a two party line and you are requested to advise immediately what precautions have been taken to prevent the subscriber for telephone number MUsem 3966 from hearing information developed by the microphone side of your combination, namely, PI-17. Rebulet May 26, 1948.

The installation in this case involves a standard technical surveillance which utilizes the transmitter microphone in the telephone instrument and makes possible the monitoring of all telephone conversations and in addition, when the hand set is down, uses the microphone in the instrument for the purposes of room coverage. It is my understanding that this type of installation is properly described as a technical surveillance. (C)(U) ↑ me - tel 2.

For the further information of the Bureau, it has been determined that ALBERTSON's telephone is on a two-party line and the other party on this line is listed in telephone records as [redacted] 900 Bryn Mawr Road, telephone MUsem 3966. The 1946 City Directory shows that the occupants at 900 Bryn Mawr Road are [redacted] and his wife [redacted]. Information received through this surveillance, however, indicates that [redacted] is separated from her husband. Records of the Pittsburgh Police Department reflect no information concerning either of these individuals and records of the Credit Bureau, Inc., Pittsburgh, indicate that [redacted] wife [redacted] resides at 553 Francis Street, Pittsburgh, with his mother and is unemployed. This information was contained in a credit report dated January 11, 1947. The Pittsburgh indices are negative as to either of these individuals. (C)(U)

There appears to be no hazard involved in this installation arising from the fact that a party line is involved. The subscriber's instrument on Museum 3966 is of course disconnected from the party line until the handset is raised closing the cradle switch in the instrument. This immediately puts a dial tone on the line which is the signal for the operator at our plant to throw a switch disconnecting the batteries from the microphone in ALBERTSON'S instrument and placing condensers in the line. The microphone in ALBERTSON'S instrument is then without electrical current ~~DEFERRED RECORDING~~ and is dead. Personnel assigned to the central plant are instructed that in monitoring all of these lines, the switches must be thrown immediately when the instrument is picked up and a dial tone is heard. Should our operator fail to promptly throw the switch when the Museum 6966 instrument is picked up, any signal which might be heard would be extremely weak due to the fact that it would not be amplified and if audible at all, would sound like cross talk which is commonly heard on telephone instruments in this area. August 1, 1948

In an article appearing on Page 1, Pennsylvania edition of The Worker on this date, August 1, 1948, WILLIAM ALBERTSON discussed the problems of concentration and Party building in Western Pennsylvania. He stated that the Communist Party, well organized and extensively and actively supported by the working class is the only way to promote the struggle of the working class. The Party should be built along political, ideological, and organizational lines and primarily among the basic industrial workers. He cited the achievements of the Party in the Pittsburgh District making reference to the steel, coal, and electrical workers' economic gains, and the organized resistance to the Mundt-Nixon Bill. He mentioned that one way to increase growth in the CP in influence and membership, is to concentrate on steel, mining, and electrical workers and also the negroes; and that the CP should take an active part in any questions arising in relation to the foregoing. He stated that the main industrial base of the Party in this area is in electrical organizations and that this base must be strengthened; that the Party must not be content to concern themselves only with wages, WALLACE agitation, and the building of progressive party organizations but must attempt to win the minds of the workers ideologically to make them class conscious and to mobilize them for the fight for peace and against war; that they may understand and fight against the Marshall Plan and thus realize the advantages of Socialism. This concentration, he stated, means that every organization in which the Party has influence must develop the theories of class consciousness. The year 1948 was announced to be the year of building for the Party and that all decisions coming from higher levels on Party policy should be brought to execution by the masses. He mentioned the nature of Communists, stating that they were individuals who had voluntarily accepted the position of leading the working class and to win for them the reorganization of capitalist society through a social society. He cautioned about the infiltration of non-believers and urged the highest degree of vigilance to assist in wiping them out. u

At the First Session of the CP Convention held at the North Side Carnegie Library, BILL ALBERTSON acted as secretary. ~~(T-2)~~

July 10, 1948:

At the Third Session of the CP Convention as a result of one of the nominating caucuses BILL ALBERTSON was elected as a delegate to the National CP Convention to be held in New York City in the near future and consequent to discussion of reducing the District Committee, subject was elected to this body. At the 4th Session on July 11th, HENRY WINSTON addressed the group accusing the Imperialists and English of trying to stir up trouble in Berlin and trying to provoke a war with the Soviet Union. He emphasized that the Soviet Union desired peace and that HENRY WALLACE was strong for peace and for this reason the Communists must support WALLACE one hundred per cent. The 5th Session on this date which completed the Convention closed with the singing of the International. ~~(T-3)~~

July 14, 1948:

(U)

At a meeting of the District Committee of District 5 of the CP held at 440 Wood Street, BILL ALBERTSON in discussing the organization of the District Committee said that the District Board was composed of five members and the whole District Committee of six or eight members but that they had been combined into this District Committee. ALBERTSON proposed that STEVE NELSON and himself be selected to compose part of this Committee. ~~(T-1)~~

July 22, 1948:

(U)

A meeting was held of the District Committee of District 5, CP, at 440 Wood Street which subject attended. ALBERTSON discussed the reasons for the reduction in the size of the District and pointed out that the reduction was necessary as a security measure. The proposed picnic was discussed and ALBERTSON stated that the city must do proportionately more for the picnic than the other Sections to which some one raised the objection that the city is ALBERTSON's responsibility. He advised that the city was not his responsibility as he is responsible only for Erie, Farrell and Sharon. ~~(T-1)~~

July 30, 1948:

It was reported that subject was contacted by a Lr. ZUCHENBERG relative to organizing a strike in the Woolworth 5 and 10 Cents Stores. ZUCHENBERG reportedly has arrived in Pittsburgh to

direct the strike. ALBERTSON told ZUCHENBERG that the Party should be able to get six Communist Party members mobilized for the picketing. (T-4) (C) (U)

(U) [August 1, 1948:] (C)

ALBERTSON was present at a special emergency meeting held at the Music Studio, 440 Wood Street, which was called by the CP members to discuss the difficulty of the CP in securing the picnic grounds at Castle Shannon for August 15th. It was decided that if the picnic grounds could not be obtained through pressure that another place must be found and that the Linden Grove proprietor of the Castle Shannon Council should be sued for \$50,000.00. (T-2) (C)

August 2, 1948: (U)

At a meeting of the Club Secretaries of District 5 of the CP held at the Music Studio, 440 Wood Street, ALBERTSON announced that this would be the last meeting of the secretaries on the city scale since approximately in one week there would not be a City Section but there would be four sections and 4 Section Organizers. The secretaries would then meet on a Section scale. (T-1) (C)

August 10, 1948: (U)

BILL ALBERTSON reported in a meeting at District Offices of the CP, 426 Bakewell Building, 417 Grant Street, Pittsburgh, that \$1,212 had been collected up to that time for picnic tickets. (T-4) (C)

(U) [August 12, 1948:] (C)

The CP members of the Progressive Party met at the home of DAVE GRANT at which meeting subject was observed in attendance. Party activities in the forth-coming election were discussed as well as a change of the Progressive Party Director. It was decided that TOM FITZPATRICK would withdraw as a candidate for Congress as soon as they could find some way to "save their face" upon his withdrawal. (T-5) (C)

[August 14, 1948:] (U)

Subject attended a [CP meeting held at 440 Wood Street] for the purpose of discussing a proposed new North Side Section of the CP of Pittsburgh. ALBERTSON stated that the National CP Convention decided not to have a purge of Party membership at this time but that any present Party member who does not desire to recognize the leadership and work under it can get out of the Party. He mentioned that the new section leadership will be composed of an organizer, a membership secretary and a section committee and gave the following re-organization of the Party in Pittsburgh: The section organizers will meet

(U) regularly with the district organizers for the purpose of carrying out decisions made by the District Committee and the District Board. ALBERTSON also intimated that the District Board presently numbers only three members two of which are STEVE NELSON and himself. He concluded by stating that he favors a formation of a CP shop club in any plant that has four or five Party members. [T-4]C

August 30, 1948:

(U) At a meeting of the District Committee, District 5, CP, held at the Music Studio, BILL ALBERTSON discussed the negro question and stated that if any attempt is made to solve the negro question separate and apart from day to day work in basic industry they are doomed to failure as the negro question must be treated as an integral part of the basic industrial concentration. ALBERTSON stated that the only negroes who would join the party are those very progressive ones with socialist ideas who are taking a very long-range view of the problem because the CP is not doing anything for the negro people in its day to day work. [T-1]C

September 6, 1948:

(U) Subject reportedly attended the Labor Press Committee picnic held that date at Sugar Camp, Patton Township, Pa. [T-4 & T-5]C

(U) Mrs. ELIZABETH GURLEY FLYNN was introduced as the main speaker. She said that despite all the frame-up that Communists do not advocate force and violence and that as Marxists they are opposed to it. She alleged that Communists have always been in the fore-front of the struggle for the worker. [T-6]C

September 8, 1948:

A meeting was held at the Music Studio, 440 Wood Street, by BILL ALBERTSON for the purpose of developing a system of leadership for the Section Organizers. He stated that a conference is being called by the Civil Rights Congress on either September 21 or September 28, 1948 to point out the issue of the right of the negroes to swim at the Highland Park Pool. This conference will take the fight for the negroes away from the Young Progressives and the Civil Rights Congress and then lead the fight against all discrimination as well as the fight for FEPC in Pittsburgh and the State of Pennsylvania. ALBERTSON stated that the CP clubs must make a definite mobilization of all forces for this work and that the Party would be represented at this proposed conference by a member of District 5 who would speak in the name of the CP. Concerning youth activities, he stated that District 5 is planning a youth conference for September 12, 1948 but that this had been postponed

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

(U) until October, the exact date undecided; that on October 2 and 3, 1948 Young Progressives were having a youth conference but that the CP would hold a separate youth conference adopting its own plan of work. [(T-1)]

September 12, 1948: A meeting was held of the Steel Commission of the CP at 440 Wood Street. Subject was observed in attendance. They discussed a Steel Workers for WALLACE Conference to be held September 19th and a report on the organization and functioning of the Steel Commission. ALBERTSON after hearing the discussion stated that the goal for the coming Steelworkers for WALLACE Conference should be 200 people which is twice as many as attended the last Steelworkers for WALLACE Conference; that with the proper publicity, including sound trucks and leaflets, this goal should be easily met. [(T-1)]

September 13, 1948: Subject attended a meeting of the District Committee of the CP, District 5, held at 440 Wood Street. ALBERTSON said that the South Side Community Club and the Jones and Laughlin Club would be taken away from the City Section and placed in the Steel Section; that the six non-active members from Hazelwood would go into the Steel Section; that this would increase the membership in this Section from 106 to 155 with 10 to 11 branches. He stated that the U.S. Government claimed the 1945 CP Convention advocated the over-throw of the U. S. Government by force and violence. ALBERTSON stated that the National Board was not elected until two years after this (1947) and that the 55 members of the National Committee elected in 1945 were not indicated; that no overt action is charged but that the government merely said "advocated". ALBERTSON stated that the 12 indictments, according to the Communist Party, USA, violate the first amendment, the Sniderman Decision of the Supreme Court and, in short, are frame-ups to create a mass hysteria prior to elections. He proposed that the CP vigorously back the October 16, 1948 conference of the Civil Rights Congress and that the Party officials participate in all Civil Rights Congress activities; that on September 27, 1948 a picket line be planted at the local Federal Court House to pressure the Attorney General to squash the indictments against the 12 Party leaders and that the Party attempt to get trade union representatives to go to Washington, D.C. to see the Attorney General to protest these 12 indictments. [(T-1)]

September 16, 1948: Section Organizational Secretaries of District 5, CP, held a meeting at 440 Wood Street which subject attended. BILL ALBERTSON speaking on the nature and functions of the Organizational Secretaries stated that this is a Party dignitary of a National District, section or branch level, who is responsible for seeing that the Party organizers function; that the secretary is responsible for problems involving the Party itself. He said that in large sections the organizational secretary supervises the fore-going tasks which are placed under various directors including membership, finance, literature, press and education, but that in District 5 sections are not large enough to permit directors for each of these activities thus leaving the organizational secretaries responsible for them. He stated that in District 5 there are two methods of reaching the sections; that STEVE NELSON is in charge of the District Organizers which meet every two weeks to discuss plans on the policy making level, liaison with the Third Party, recruiting and other problems; that the District Organizers then report back to their Section Committees. ALBERTSON stated that he supervises the Organizational Secretaries from the Sections; that he hoped to make this organization parallel to NELSON's organizers; that his, ALBERTSON, club would meet every two weeks to discuss similar problems from an organizational standpoint and that the section organizational secretaries would in turn meet with the branch secretaries thus passing information down to the branch level.

September 17, 1948: A 29th Congressional District CP Section Conference was held at the Music Studio, 440 Wood Street, which conference subject attended. ALBERTSON stated that the 29th Congressional District Section was set up because they found it impossible to get more than two or three people together at the same time under the old set up; that the old Pittsburgh City Section was split in three sections because it was impossible for the leadership to give necessary guidance both politically and organizationally; that clubs were to be diversified in activity, functioning only on the higher levels and that the new organization would aid the Party to pass their message to the masses.

September 30, 1948: ALBERTSON attended a meeting of the Section Organizational Secretaries, CP, District 5, held at 440 Wood Street, concerning the district's finances. ALBERTSON stated that the budget for this year was approximately \$31,000; that they had raised 2/3 of this but that they still need about \$15,000 because they had not estimated high enough the sum necessary to meet the tax on the Party. ALBERTSON stated that to date only about fifty per cent of the members had paid up their dues; that the club and sections were also slow in paying; that the sections alone owed the District \$3,211; that the District owes a large literature bill and that the general finance situation was not encouraging. Concerning security measures ALBERTSON stated that last year the Party uncovered a "stool pigeon" who knew quite a few members; that if clubs had been organized into groups of five or six this person would only have known four or five people and that, therefore, for security reasons they should organize wherever possible shop groups on a small basis. (U) ALBERTSON advised T-1 that the trouble in Pittsburgh was caused in part by the subjectivity of ROY HUDSON, Chairman, District 5, Communist Party of Western Pennsylvania. He said that money had been lost in dues in the District, and estimated that District 5 needed about \$500 a week, in addition to the subsidy to get by. ~~(C) (U) C~~

(U) September 9, 1948 ~~C~~

(U) ALBERTSON advised T-2 that he would like to set up a system of finances, whereby each section financed itself or functionaries with a subsidy from the District; that such a decentralization fund would save money for the District; and that the present poor financial condition of the District required some one in charge of finances, preferably a person who would go around to see people for regular contributions. He said that FRANCENE ALBERTSON, his wife, was being considered for such duties on a part-time basis, and that the present wage scale in the District is \$50 per week, plus \$5 per week for each dependent. ~~(C) (U) C~~

September 22, 1948

(U) BILL ALBERTSON at CP Headquarters stated that the call had gone out for the young progressives (Youth Conference - October 2, 1948 at the Mayfair Hotel, Pittsburgh). (U) At a meeting of the Youth Commission of District 5, Communist Party - USA, held at 440 Wood Street, ALBERTSON said that the various youth clubs must elect delegates to the Communist Party Youth Convention, to be held, Sunday, October 9, 1948 in a downtown hotel; that the subject of this conference would be the program of leadership and the role of the young Progressives. (T-3) ~~jc~~

(U) October 9, 1948 ~~jc~~

(U) ALBERTSON attended a meeting of Key Communists held at the Mayfair Hotel. A discussion was had on the 1948 presidential election, and on the trial of the twelve members of the National Committee of the Communist Party, and it was decided to do everything to create public opinion in favor of the twelve. (T-4) ~~jc~~

(U) ALBERTSON was chairman at a Communist Party meeting held to protest the arrest of the twelve CP leaders, which meeting was held at the A. Leo Weil School, Pittsburgh. HENRY WINSTON, member of the National Committee, delivered the principal address, which dealt with the international situation. He stated the Berlin crisis was not a political maneuver but a long-range plan of this country's bi-partisan foreign policy to create war. He added that the Berlin airlift was not a humanitarian undertaking but a preparation for an atom bomb attack on Eastern European countries. (T-5) ~~jc~~

October 10, 1948

The subject attended a Communist Party Youth Conference held at the Mayfair Hotel, 423 Penn Avenue. He delivered the principal address at the conference, during the course of which he stated during the time EARL BROWDER was the leader of the Communist Party - USA, and since, little consideration has been given to Communist Party youth organizations, such as the Young Communist League. He stated that immediately after the November, 1948 election, the Communist Party would begin to organize youth organizations, similar to the Young Communist League, and that the Marxist-Leninist doctrines would be taught in these new organizations. ALBERTSON continued that it would not be necessary for members of the new youth groups to be members of the Communist Party but that the new groups would be dominated by the Communist Party. ~~jc~~

(U) ALBERTSON stated many people believe that war is inevitable but that it was the duty of the Communist Party to train the youth of the nation and poison their minds against Fascism and war in time to stop the event of war. He stated it would take the United States two years to prepare for war and the Communist Party could do a lot of good work by that time. He remarked that the United States is the breeding place for war and Fascism, and that the American youth must be taught to hate the causes of war, such as military training. He concluded that the Soviet Union is carrying on a peace offensive at the present time. (T-6) ~~jc~~

(U) ALBERTSON attended the District Committee meeting of the Communist Party, District 5, held at the Music Studio, 440 Wood Street. He stated that he had recently attended a conference in Chicago, at which Party concentration policy and Party building were discussed. He said that the Communist Center at New York City decided on four districts of major concentration, including Western Pennsylvania, Ohio, Michigan and Illinois, and that the Center also aimed at seven major industries for major concentration, which industries included steel, automobile, marine, electrical, packing, machinist and building trade. ALBERTSON said that mining might be included as an eighth concentration industry. [T-3]c

October 12, 1948 yu

(U) ALBERTSON at a meeting of the North Side Section Committee of the Communist Party of Western Pennsylvania held at 844 East Ohio Street, stated that the Civil Rights Congress was conducting a drive for \$2,500 nationally to fight the cases of the Communist Party leaders, and that this sum was needed, inasmuch as the Civil Rights Congress had employed a group of lawyers, who were doing research, preparation of briefs, etc. He stated that the research lawyers are scanning every book and pamphlet published by the Communist Party during the past twenty-nine years, especially those factions dealing with force and violence. He also mentioned that the Communist Party would begin registration immediately after the 1948 elections, and that there would be some organizational changes, inasmuch as the new Communist Party set up would call for not more than five comrades in each group. He added that it was most important that the Party recruit two or three members in each industrial plant. The importance of bringing about the defeat of the United States Congressman JOHN MC DOWELL was also stressed. [T-5]c

October 16, 1948

(U) Mr. William Albertson, 426 Bakewell Building, Pittsburgh, Pa., representing the Communist Party of Western Pennsylvania, was a delegate to the Civil Rights Conference held at the Fort Pitt Hotel, 10th Street. ALBERTSON delivered a brief report concerning the arrest of the twelve national Communist Party leaders. ALBERTSON stated that if the Communist Party leaders were framed with a conviction, it would automatically outlaw the Communist Party in the United States. He said that this Young Progressive Association should be for all young people who were progressive, communist, anti-fascist, or even nonpolitical persons interested in social affairs, and that the Communist Party must get all young people affiliated with the Young Progressive Association, and then educate them, first to progressive policies and eventually to Marxist Leninism. He said that the Communist Party should make suggestions to the Young Progressive Association leadership, and convince the leadership to follow the suggestions, but that none of the new officers be Communist Party members. He stated that the Communist Party must resume its stronger role in its struggle for negro rights from the Marxist standpoint; that the negro question is a national question; and against white supremacy. He stated that the basic policy of the Communist Party is a permanent industrial concentration; therefore, all Communists and Youth Clubs, as well as Shop

Industrial Clubs, should redouble their efforts to reach the industrial workers for the Party. He stated that millions of workers, not yet ready to join the Party, can be organized to join in a united front action to work with the Communists for their most immediate demands until they become convinced that the Communist Party is the only Party that stands for a fundamental solution to their problems.

II. SUBJECT'S KNOWLEDGE OF THE REVOLUTIONARY AIMS AND PURPOSES OF THE COMMUNIST PARTY

CONFIDENTIAL INFORMANT T-3, OF KNOWN RELIABILITY, CAN TESTIFY THAT WILLIAM ALBERTSON:

1. Attended the 80th Birthday Banquet sponsored by the Communist Party of Western Pennsylvania in honor of PAT CUSH, an old time militant Pittsburgh Communist, which was held on the evening of October 31, 1947 at the Fort Pitt Hotel, 10th & Penn Avenue, Pittsburgh, Pa. Informant advised that at this meeting ANDREW ONDA, Communist Party, District 5, Steel Organizer, delivered an address which he regarded as being one of the most inflammatory speeches made within recent years by a Communist Party member. ONDA's speech frequently made reference to the Bolshevik revolution, the struggle of the people against the Capitalists, and intimated that such a struggle would come to the United States sometime in the near future. ONDA stressed that the Capitalists in this country are already frightened..
2. Was present as an instructor at a Communist Party educational class for group leaders of the North Side Section on January 18, 1949, which was held at 440 Wood Street, Pittsburgh, Pa. The class was devoted to a discussion of the "Theory and Practice of Communism." Subject stated that the Socialist Labor Party teaches that the fight is won if the economic struggle can be won; that the Anarchists teach that the fight is won if the political struggle is won; but that the Communists teach that the struggle can be won only by winning on the economic, political and ideological fronts. During the course of the evening subject also stated that China has been liberated and that word might be expected any day of an upheaval within Italy or France, which will in turn finish the U. S. Marshall Plan.

Subject's presence as an instructor at the above-mentioned class was verified by T-10.
3. Was an instructor at a Communist Party educational class held on January 25, 1949 for leaders of the North Side

Section of the Communist Party of Western Pennsylvania at 440 Wood Street, Pittsburgh, Pa. The class discussed Imperialism as set out in the "Marxist Study Book.I." Subject stated that the United States is now in the Imperialistic stage of Capitalism, and that the next stage will be Socialism. With reference to the accusations made against the Communist advocacy of force and violence, JOE MANKIN, North Side Section Organizer, pointed out that MARX and LENIN both taught that a peaceful revolution is impossible. Subject said that MANKIN's statement was not true, and that "we must be very careful, especially at the present time, in how we answer this question." According to the subject, force and violence is the result of the Capitalists' resistance to change. He elaborated that it was the Capitalists who cause force and violence by the workers; that if the majority of the people want Socialism and the Capitalists will not give up, then the only way the people can get Socialism is by fighting for it. As an example, he stated that if workers are out on strike and the company tries to bring in "scabs", the workers resist. As a result, the company calls the police and the latter begin to club the workers, leaving the workers in a position where they have to defend themselves, their economy and their jobs. MANKIN argued that the "Communist Manifesto" set out that a revolution was not possible without violent overthrow. Subject answered that peaceful change is possible only if the Capitalists give up their way of living without a fight. Subject continued that it would have been possible to achieve a peaceful change in the Soviet Union, except that events made it necessary for LENIN to use force and violence. Subject added that a peaceful transition to Socialism could have been achieved in China, except for the fact that American and British Imperialists armed the reactionary Chinese Government and made it necessary to use force to bring Socialism to that country. Subject admitted that when the Capitalists will not give up their way of life without a fight, and the majority of the people want Socialism, then the only way to get it is by resorting to force. The conclusions drawn by the subject were that it is the Capitalists who control the Army and the police force, and who start the use of

force and violence. The workers merely defend themselves because the Capitalists will not give up without a fight. He also stated that in the past it had been necessary to organize the workers for a struggle; that at the present time such organization was not necessary; but that one could not say that it would not again be necessary at some future date. The subject concluded the class by condemning ~~EARL~~ BROWDER for having tried to cooperate with Capitalism and for attempting to reach the stage of Socialism by a peaceful means.

Subject's presence at the above-mentioned meeting was verified by T-10 and T-16, and they are able to corroborate the information set forth above regarding the argument between MANKIN and the subject with reference to force and violence.

4. Was present as an instructor at the weekly Communist Party educational class of the North Side Section of the Communist Party of Western Pennsylvania, which was held on February 1, 1949 at 440 Wood Street, Pittsburgh, Pa. The class dealt with Imperialism, war and Fascism. Subject presented the question "Is War inevitable under the Capitalistic system?" He answered this question by stating that Capitalism inevitably breeds war, but that war is not inevitable under Capitalism -- if the people do not want to fight the Capitalists can not compel them to fight. Informant advised that most of the individuals in attendance were of the belief that war is inevitable under Capitalism, but the subject answered that if this were so, what was the purpose of the Communist Party in working for peace. He reiterated that although Capitalism breeds war, if "we" can convince enough workers that war is not necessary, there will not be war; otherwise, subject continued, there would be no purpose in the Communist Party waging a peace struggle. Subject remarked that if the Capitalists in Italy and France attempt to take those countries into war the people will not fight -- certainly they will not fight the Soviet Union. He added that it was also doubtful whether the people of Great Britain would support a Capitalistic war.

Subject's presence at the above-mentioned meeting was verified by T-10, as well as corroborating the fact that the subject acted as an instructor.

5. Was present as an instructor at the Marxist and Leninist Class of the North Side Section leaders of the Communist Party of Western Pennsylvania on February 8, 1949, which was held at 440 Wood Street, Pittsburgh, Pa. The class was based on Lesson III entitled "War and Fascism" as contained in the "Theory and Practice of the Communist Party - Leninist Study Series I", which was prepared by the National Educational Department of the Communist Party. Under subject's guidance the class discussed whether the first World War was a just war, and it was finally decided that it was an unjust, Imperialistic war. It was stated that the second war was different from the first, and subject quoted STALIN by stating that the entry of the Soviet Union into the second World War strengthened the anti-Fascist and liberating character of the war. Subject stated that the American Communist Party had been wrong when it had branded World War II as an Imperialistic war during 1940 and 1941. He stated that the slogan of "The yanks are not coming" et cetera, and the entire Communist Party program of opposition to the war was a mistake.
6. Was present as an instructor at a Marxist school of the North Side Section of the Communist Party of Western Pennsylvania on March 1, 1949, which was held at 440 Wood Street, Pittsburgh, Pa. During the course of the class, subject pointed out the dangers of white chauvinism. Also at the meeting, subject mentioned "we would not support a war against the Eastern European democracies or the Soviet Union or against Puerto Rico if the United States went to war against these countries, because their patriotism is to the people and not to the Capitalist class. As Marxists their patriotism is to the people, not the Capitalists." In answer to a question as to how the Communist Party discussed the issue of Socialism with the workers, subject emphasized that "we work and struggle for the immediate needs of the workers, and while we do this we educate the working class to the needs and aims of Socialism." In answer to a question as to whether the United States was ready for Socialism, subject stated that the United States

is "rotten ripe" for Socialism. He added that this country had reached the highest stage of Capitalism -- Imperialism, and that Socialism would come to this country when the people were ready for it. He concluded that the people would be ready when the Communist Party, as the vanguard, convinced the workers that the Socialist program is the correct program.

7. Was present as an instructor, on March 8, 1948, at a Communist Party educational class of the North Side Section of the Communist Party of Western Pennsylvania, which was held at 440 Wood Street, Pittsburgh, Pa. The lesson was based upon Lesson 5, Book I, Marxist Study Series entitled "Socialism." Subject developed the features of the Socialist system in the Soviet Union, mentioning: (1). common ownership and operation of the national economy, (2). production for use, (3) leadership of the working class, (4). political domination of the working people.
8. Attended a meeting of the leading cadres of the Communist Party of Western Pennsylvania on the evening of March 8, 1949, which was held at the Jewish Cultural Center, 6328 Forbes Street, Pittsburgh, Pa. At this meeting, STEVE NELSON, District 5, Chairman, delivered the principal report in which he stated "if, despite the efforts of the peace forces of America and the world, Wall Street should succeed in plunging the world into war, we would oppose it as an unjust, aggressive and Imperialistic war, and as an undemocratic and anti-Socialist war, destructive of the deepest interests of the American people and American traditions."
9. Was present as an instructor at the final session of a Marxist class of the North Side Section of the Communist Party of Western Pennsylvania held on March 22, 1949 at 440 Wood Street, Pittsburgh, Pa. The class was based upon Lesson 6 of Marxist Study Series I -- "Theory and Practice of the Communist Party." With reference to the structure of the Communist Party, subject stated that the Shop Branch was the basic branch, as compared with the Industrial and Community Branches. He stated that the character of the CIO would be a lot different than it is today if the Communist Party had four or five members in the one hundred Shop Branches in the Steel, Auto and Electrical Districts. He then cited several examples of how the Communist Party has given the impression of having more memberships in Shop Branches than actually exist. He stated that a comrade

named JIM WEST of Gary, Indiana, had recently related, at a meeting of the "Daily Worker" editors, held in Pittsburgh, Pa., that a non-Communist had once mentioned to WEST that the Communists could accomplish much more in a certain Gary, Indiana steel plant if they had four or five thousand members instead of one thousand. "The truth," stated ALBERTSON, "was that there were only about a dozen Communist members in the above steel plant, but their activities had given the average steelworker the impression of a large Communist Party membership." He also stated that each Party member in a shop should attempt to get four or five non-Party members to work in conjunction with him so that when a non-Party member champions the same program as that advocated by the Communists at a meeting, he would also be looked upon as a Communist. Subject continued that the history of the Russian Revolution revealed that the revolution was led by the Shop Branches, and that all Communist say the workers will lead the revolution with our Party as the vanguard.

With regard to the democratic centralism of the Communist Party, subject compared the general staff of the Army to the Communist Party National Committee. He stated that the Communist Party is both democratic and politically central -- democratic in the sense that the National leadership is chosen at the National Conventions and is entrusted with the responsibility of leading the Party in policy, direction and method. He continued that all Communist Party members are bound by the rule of the convention to abide by the decisions of the chosen representatives of the Party, and that Comrades STALIN and LENIN had both stressed the necessity of democratic centralism.

Subject stated that this was not necessarily true. Subject gave as an example how force and violence came about

PG 65-749

by citing an instance where during the course of protecting one's job from a "scab" a striker could be struck on the head by a "cop", and in turn the striker would naturally follow the first law of nature and strike the "cop" in self-defense, although the striker did not use force and violence until he was compelled to.

March 4, 1948

The March 4, 1948 issue of the "New York Daily Worker" carried an article on page 7, columns 4 and 5, that an open membership meeting would be held at the Irving Plaza Hall, Irving Place & 15th Street, New York City, at 7:30 PM, Thursday, March 4, 1948. The article further stated that WILLIAMSON could not be there; however, one could hear BILL ALBERTSON, Assistant National Labor Secretary, speak on "Problems of

Organized Labor Today" and protest, un-American deportation.

"The Worker", Pennsylvania Edition
August 1, 1948

The August 1, 1948 issue of the Pennsylvania edition of "The Worker" carried an article in Section III, page 1, column 1, which was written by WILLIAM ALBERTSON. ALBERTSON discussed the problems of concentration and Party building in Western Pennsylvania. He stated that the Communist Party, well organized and extensively and actively supported by the working class, is the only way to promote the struggle of the working class. The Party should be built along political ideological and organizational lines, and primarily among the basic industrial workers. He cited the achievements of the Party in the Pittsburgh District, making reference to the steel, coal and electrical workers' economic gains, and the organized resistance to the Mundt-Nixon Bill. He mentioned that one way to increase growth in the Communist Party in influence and membership is to concentrate on steel, mining and electrical workers, and also the negroes; and that the Communist Party should take an active part in any questions arising in relation to the foregoing. He stated that the main industrial base of the Party in this area is in the electrical organizations, and that this base must be strengthened; that the Party must not be content to concern themselves only with wages, WALLACE agitation, and the building of the Progressive Party organizations, but must attempt to win the minds of the workers ideologically to make them class conscious and to mobilize them for the fight for peace and against war; and that they may understand and fight against the Marshall Plan and thus realize the advantages of Socialism. This concentration, he stated, means that every organization in which the Party has influence must develop the theories of class consciousness. The year 1948 was announced to be the year of building for the Party, and that all decisions coming from higher levels on Party policy should be brought to execution by the masses. He mentioned the matter of Communists, stating that they were individuals who had voluntarily accepted the position of leading the working class to win for them the reorganization of the Capitalist society through a Social society. He cautioned about the infiltration of non-believers and urged the highest degree of vigilance to assist in wiping them out.

II. SUBJECT'S KNOWLEDGE OF THE REVOLUTIONARY AIMS AND PURPOSES OF THE COMMUNIST PARTY

CONFIDENTIAL INFORMANT T-17, OF KNOWN RELIABILITY, CAN TESTIFY THAT WILLIAM ALBERTSON:

1. Was present on April 5, 1948 at a meeting of the Club Membership Secretaries of the Pittsburgh City Section, District 5, Communist Party, which was held at the Music Studio, 440 Wood Street, Pittsburgh, Pa. Subject stated that the Communist Party is the "working class Party", and struggling for future interests for the working class. He stated that the Communist Party is a militant Party, a revolutionary Party, in the sense that it is going to lead the struggle of the working class for revolutionary changes and the abolition of Capitalism. He stated that during the war strikes would have retarded the working class. He also stated that if war against the Soviet Union were to break out today it would advance the working class. Social democrats would holler from their housetops that strikes would retard the interests of the working man, but the Communists know that strikes would advance the interests of the working class. He cautioned those present that the working class was not a unified class, and the Communist Party is not the only force within the working class. Subject stated that all Party work must be to design and change the masses for the revolutionary struggle for power. He elaborated on this statement by stating that in using the term "revolutionary" he meant a "basic qualitative change." He indicated that the form the struggle will take depends on circumstances and the bourgeoisie.
2. Attended a meeting of trade unionists of District 5, Communist Party on April 26, 1948 at the Music Studio, 440 Wood Street, Pittsburgh, Pa. The subject discussed trade unions and their functions from the Marxist point of view. Subject stated that trade union work taught the Communists the necessity for revolution (not revolution by firearms but by a slow change from Capitalism to Socialism). He stated that the Communist Party is the only organization to lead the fight.
3. Was present, on January 25, 1948, at a Communist Party educational class for leaders of the North Side Section of the Communist

Party of Western Pennsylvania, which was held at 440 Wood Street, Pittsburgh, Pa. At this meeting, subject mentioned a revolutionary leader named KARL ~~X~~KAUTSKY, who developed a theory which LENIN was able to fight victoriously. MANKIN, North Side Section Organizer, then stated that KAUTSKY theory was that the working class should use peaceful means to get what they wanted, and that LENIN advocated the use of force and violence. Subject then contradicted MANKIN, stating that the Communist Party states that Communism can come with or without panic. The subject then stated that the Communist Party was very cautious today about what they said concerning force and violence; that violence to overthrow the Capitalistic class is something that neither Communists or Marxists are in favor of; and that THOMAS JEFFERSON, who was neither a Communist nor a Marxist, stated revolution was necessary every twenty years. Subject stated that the working class is coming into power, and that the Capitalists and Imperialists cannot solve the problems of the working class, and therefore Socialism must come and come willingly unless the Capitalists shed blood. He stated that the Communist Party was in favor of a peaceful transition to Socialism, and that so far the United States has had a peaceful transition to Socialism. He stated that "if anybody tells you that the working class takes over by force and violence, and if they say they take over by peaceful means, both ideas are wrong, because we don't know." He further stated "there is no answer to this problem today, because things are changing every day. The only way we (Communist Party) can count on winning is to get the working class on our side and to the extent that we take away the control of the Capitalists to such an extent that we will have a peaceful transition." The subject stated that the Communist Party opposed force and violence the same way they opposed force and violence in a strike. If a policeman lets "scabs" walk through a picket line, then the working class is going to defend its rights. If the working class wants Socialism and the Capitalists use the Army to keep the working class from getting Socialism, then the Communist Party will fight to protect their rights.

PG 65-749

July 13, 1949

T-2 advised that the subject was present on the date indicated at a meeting of the Steel Section Committee of District Five, CP, which was held at 943 Liberty Avenue. Subject discussed the report of ROBERT NATHAN, CIO Economist, at this meeting and stated that this report should not be popularized among the workers since it was based on the "ability to pay" theory which could be used against the workers in the event of a depression.

July 15, 1949

T-1 advised that the subject met with several leading District Five, CP, members on the date indicated at which time the latest developments of the impending steel strike were discussed as well as the coal situation and state election strategy. Subject stated that District Five, CP, must concentrate on a congressional candidate for the 32nd congressional district so that when HERMAN EBERHARTER is appointed to the U. S. District Court someone would be ready to run for his vacant seat in congress and that District Five, CP, would not work on a county election campaign but would concentrate on a city campaign and primarily on the election of a negro to the Pittsburgh City Council.

July 19, 1949

T-2 advised that the subject attended a meeting of the Food Club, District Five, CP, on the date indicated at 943 Liberty

PG 65-749

July 20, 1949

T-1 advised that a meeting of the section organizers of District Five, CP, was held on the date indicated at District Five, CP, headquarters, and the subject was present. At this meeting subject urged the mobilization of delegations to visit the trial of the twelve National Board members of the CP-USA and a campaign of letters requesting that bail be granted to GATES, WINSTON, and HALL (members of the National Board who were on trial in New York, New York). He also urged support of the Progressive Party and the Young Progressives of America inter-racial swimming party at the Highland Park Swimming Pool.

July 20, 1949

T-1 advised that on the date indicated the subject gave instructions regarding the handling of District Five, CP, finances during his absence. Subject stated that the subsidy check (from the National Office) was due August 1, 1949, and as of July 20, 1949, District Five, CP, had \$13 in the bank. As part of the instructions, subject instructed BEN CAREATHERS, Section Organizer, to turn over to HAROLD OROZICK, Youth Organizer, the \$125 which belongs to the Youth Section minus \$21.89 which OROZICK owed the District. (u)

August 10, 1949

T-1 advised that the subject, while talking with several leading CP members on the date indicated, suggested the possibility of obtaining statements from negro ministers, rank and file steel workers, and coal miners protesting against the trial of the twelve National Board members, CP-USA, in an effort to broaden the fight in favor of the release of the twelve board members.

August 22, 1949

T-2 advised that the subject attended a meeting of leading

PG 65-749

CP members on the date indicated at 943 Liberty Avenue. The subject announced a forthcoming mass meeting to be held in Pittsburgh and stressed the need for the CP to take an active part in the Progressive Party campaign.

September 2, 1949 T-2 advised that the subject attended a meeting of the North Side Branch organizers at 943 Liberty Avenue. Subject delivered an address concerning the fact that the Progressive Party would not be allowed on the ballot in the November, 1949 elections, and he stated that the main appeal in fighting this decision of the Allegheny County Commissioners should be to the effect that there should be a negro on the Pittsburgh City Council.

November 8, 1949 T-1 advised that the subject had commented on the trade union peace organization which is being organized by District Five, CP. Subject stated that the organization must be an independent one. He suggested that a meeting be called of those individuals who had attended the national labor conference for peace held in Chicago, Ill., in October, 1949. Subject thought there should be a woman on the committee for the organization. Subject felt that the name of this committee should be the Allegheny County Labor Committee for Peace or the Western Pennsylvania Labor Committee for Peace. Subject instructed that there should be drawn up a resolution in connection with the announcement of a conference to be held to the effect that one million signatures were being collected throughout the United States and of this total Western Pennsylvania should be able to obtain 10,000.

November 12, 1949 T-3 advised that the subject was present at the district conference of the CP of Western Pennsylvania on the afternoon of the date indicated which was held at 943 Liberty Avenue. Subject delivered the principal address. Subject stated that the CP had suffered some serious reverses during the recent months; that the goal of the CP was socialism in America; and that the Communists would never give up the fight to bring about that result. Subject also discussed the fund drive in regard to the defense of the eleven convicted Communist leaders in New York. Subject also discussed the "Sunday Worker" and "Daily

PG 65-749

Worker" subscription campaign in Western Pennsylvania, stating that the district had accomplished much during 1949 and had increased the circulation of the "Daily Worker" and the "Worker" more than any other district in the country.

T-2, T-9, and T-10 also verified the subject's presence at the above-mentioned conference.

November 14, 1949

T-4 advised that the subject had ordered 600 copies of the 50¢ edition of GEORGE MARION'S book "The Communist Trial" and 25 copies of the \$1.25 edition of the same book for District Five, CP, as well as 1500 copies of the pamphlet by JOSEPH NORTH.

November 15, 1949

T-1 advised that at a meeting of several leading CP members on the date indicated subject stated that a meeting is to be held in Pittsburgh soon at which GEORGE CROCKETT, one of the defense attorneys in behalf of the eleven CP leaders on trial in New York, would be present. Subject stated the success of this meeting was a political necessity and non-CP individuals should be urged to attend. Subject also remarked that the Progressive Party office in Pittsburgh must be kept open, and ALEXANDER (WRIGHT) should become the Western Pennsylvania Regional Director, and if necessary the CP would pay his expenses.

November 16, 1949

T-1 advised that on the date indicated subject made the remark in regard to District Five, CP, funds, particularly the subsidy from the National Office, CP-USA, from which DAVE GRANT and SAM REED are paid for their work in the electrical concentration, that GRANT had received \$1025 in wages and that REED had been given \$500 more than what had been received from the National Office. Subject stated that GRANT should take this matter up when he went to New York and suggested that GRANT determine what plans the National Office had to continue this fund during 1950.

PG 65-749

December 1, 1949

T-1 advised that the subject was present at a CP meeting at Harrisburg, Pa., on December 1, 1949, and it was decided that the CP would not sponsor any candidate for governor or U. S. senator in the 1950 Pennsylvania State election; however, the CP should put up two candidates for a state office, and one of these candidates must be a negro who would run for the higher office. T-1 also said that subject was made a member of a committee consisting of two to go into greater detail on congressional district problems on a state wide basis, particularly the question of nominating a negro for the House of Representatives in the 1950 elections.

T-10 also advised that the subject attended the above-mentioned meeting at Harrisburg on December 1, 1949.

December 3, 1949

T-1 advised that the subject is, as well as being District Organizational Secretary, Press Director of District Five, CP, and is personally responsible for seeing that things are done, but he actually has very little opportunity to devote his attention to this job.

December 4, 1949

T-3 advised that the subject attended a meeting of the District Committee of the CP of Western Pennsylvania on the date indicated which was held at 943 Liberty Avenue. Subject spoke at this meeting and advised that STEVE NELSON, District Chairman, had been hospitalized as a result of a hunting accident in which he broke his leg and that District Five would assume the hospital bill which would eventually total \$1000. Subject then embarked on his principal report to the committee and stated that Eastern European democracies were gaining one important victory after another and that China was breaking up the U. S. spy ring in that country. He stated that since the Soviet Union now has the atomic bomb the position of Russia in world affairs has been strengthened. He continued, however, that the Soviet Union was using atomic energy for peaceful purposes at the present time. On the debit side ALBERTSON reported that American imperialist forces were still at work in Europe and had been able to

PG 65-749

establish a toehold in Yugoslavia and that there was real danger that the Communists in the United States would be isolated in trade unions and political parties unless the CP began action to forestall the same. Subject stated that the CP must take an active part in the 1950 elections, and they should not in every case try to formulate policies in elections, but if the party sees that the majority of the voters want a certain candidate nominated on either the Democratic or Republican tickets the Communists should go along with the majority.

T-2 also verified subject's presence at the above-mentioned meeting.

December 6, 1949

T-1 advised that in the Nationality Group assignment, which had been made by District Five, CP, the subject was supposed to work with the youth and Slovenes.

December 7, 1949

December 8, 1949

T-1 advised that the subject was present at a meeting on the date indicated of several CP members which included members from the National Office, CP-USA, and the principal topic of discussion was the CP's position in the current dispute between the UERMWA and the International Union of Electrical Radio, and Machine Workers-CIO. It was stated that anyone, who is willing to fight the company, was welcome in the UERMWA, and the main struggle at the present time is to convince the "right wing" to return to the UERMWA in order to unite the UERMWA in its fight for the workers.

December 10, 1949

T-4 advised that the subject contacted FRED FINE of the National Office, CP-USA, requesting a loan of \$500 for District Five, CP.

December 12, 1949

T-4 advised that the subject contacted JACK KLING, National Treasurer, CP-USA, and told KLING that STEVE NELSON,

PG 65-749

District Five, CP, Chairman, had been removed from the hospital, and District Five had paid the hospital bill of \$218.70 but that a doctor bill of \$150 was still outstanding. Subject requested a loan of \$150 to cover NELSON'S hospital expenses and advised KLING that if District Five raised the money in Pittsburgh it would be returned. (C)(u)

December 27, 1949

T-6 advised that the subject attended a special meeting of the AFL union members of the CP in the Pittsburgh area which was held at 943 Liberty Avenue. Subject delivered a lengthy report in which he pointed out that the leadership of the USSR is making a strong bid for world peace and is developing atomic energy for peaceful uses such as the irrigation of waste desert land; however, the Soviet Government is also prepared to wage war with its atomic weapons. Subject discussed the recognition of the Communist Government in China by England and predicted that the United States would soon recognize the Chinese Communists. Subject also reported on the Third Party movement and indicated that the Progressive Party would soon disintegrate. He urged CP members to become active in the Democratic Party and not to isolate themselves in the Progressive Party since this party was not actually a true representative of labor.

T-2 also verified the subject's presence in the above-mentioned meeting.

December 28, 1949

T-2 advised that the subject attended a meeting of District Five, CP, members who are active in the Progressive Party of Western Pennsylvania which was held on the date indicated at 943 Liberty Avenue, Pittsburgh.

January 5, 1950

T-7 advised that the subject was present on the date indicated at a meeting of the North Side Section of District Five, CP, which was held at 943 Liberty Avenue. Subject spoke at this meeting and described the Party's efforts to

PG 65-749

organize a "united front" in the H. J. Heinz Plant as well as in the various foreign language groups.

T-2 also verified the subject's presence at the above-mentioned meeting.

January 7, 1950

T-3 advised that a meeting of Communist coal miners from Ohio, West Virginia, and Western Pennsylvania was held on the date indicated at East Liverpool, Ohio. Subject spoke at this meeting and stated that the coal miners were in the battle of their lives in that big business was attempting to break up the UMW union. Subject accused PHILIP MURRAY and the United Steelworkers of America of cooperating with big business.

January 19, 1950

T-8 advised that the subject attended a meeting of North Side Section organizers which was held on the date indicated at District Five, CP, headquarters, 426 Bakewell Building, 417 Grant Street. The meeting was called by the subject to check on Party registration.

Subject stated that an article which appeared in the January 18, 1950, issue of the "Daily Worker" set forth the CP line regarding this strike.

B. ACTIVITIES IN CONNECTION WITH THE CIVIL RIGHTS CONGRESS

It is to be noted that the Civil Rights Congress is an organization which was declared subversive by the Attorney General and comes within the purview of Executive Order 9835.

November 19, 1949

T-8 advised that the subject was present at a banquet--meeting which was held on the date indicated in the Gold Room of the Fort Pitt Hotel. The featured speaker of the evening was GEORGE W. CROCKETT, Defense Attorney at the recent trial of the CP National Board members in New York.

PG 65-749

This meeting was organized by the CRC of Pittsburgh and was ostensibly promoted, according to tickets for same, by a sponsoring committee composed of thirteen individuals, some of whom were Pittsburgh business men and six of whom were CP members. CROCKETT spoke at this meeting regarding the trial of the CP leaders in New York, stating that the CP leaders had been tried because of their political views and had been charged with advocating the use of force and violence to overthrow the U. S. Government on the basis of books which had been written many years ago and which were not presently applicable.

Subject's presence at the above-mentioned meeting was verified by T-9 and T-11.

(U)

August 15, 1949

T-1 advised that on the date indicated the subject, in making remarks regarding the possibility of organizing an educational class for the more promising youth members of District 5, CP, suggested that the Organizing Committee of the Labor Youth League, plus two or three other CP members, should attend. Subject felt that the CP could not take over the functions of the Labor Youth League, which must organize its own meetings and raise its own funds, etc. He said, however, that CP members could be invited to speak at LYL meetings, as well as furnish guidance on certain problems.

(U)

August 16, 1949

T-1 advised that the subject attended a meeting of several District 5, CP leaders at District 5, CP Headquarters, 426 Bakewell Building, 417 Grant Street, on the date indicated. The principal address was delivered by DAVE GRANT, East Pittsburgh (Electrical) Section Organizer, and concerned the results of the union election of Local 601, UERMWA-CIO, in which seven "right-

wingers" and two "left-wingers" were elected delegates to the UE National Convention.

(U) [T-1] advised that the subject met with several District 5, CP members at District 5, CP Headquarters on the date indicated, to discuss the action to be taken by District 5, CP members who belonged to Local 237, Hotel and Restaurant Employees Alliance, AFL, in order to change the union contract, which stated that no white person could take a Negro's job and vice versa, in order to permit a Negro person to take a white person's job.

August 31, 1949

(U)

(U) [T-1] advised that the subject attended a meeting of District 5, CP Section Organizers at District 5, CP Headquarters, on the date indicated. The first report was delivered by STEVE NELSON, District 5, CP Chairman, in which he dealt with the Tito question. NELSON sketched the history of Tito's heresy and called attention to the two papers issued during that week by the USSR, in which the incumbent Yugoslav Government was severely criticized. Subject also spoke at this meeting, stating that the role of the CP is not to defend the Soviet Union, but to expose Tito as the head of world capitalistic imperialism in Eastern Europe, and that Yugoslavia, as a fascist state which is

masquerading as a socialist state, represents the only break in the "progressive peace, anti-war, pro-democratic camp".

September 6, 1949

(U)

X [T-1] advised that the subject attended a meeting with several District 5, CP leaders at District 5, CP Headquarters on the date indicated, at which STEVE NELSON reported on his recent trip to the National Office, CP-USA, and advised that the CP policy in their future protests concerning the trial of the twelve National Board members, CP-USA, would be directed to the President and Attorney General McGRATH, urging that the indictment be quashed, rather than protesting to Judge HAROLD R. MEDINA.

September 8, 1949

September 9, 1949

(U)

X [T-1] advised that on the date indicated the subject criticized BEN ARSHAN because ARSHAN had furnished the names of various members of the Pittsburgh Chapter of the Civil Rights Congress to District Attorney RAHAUSER in connection with the action taken by ARSHAN in protesting against the vandalism perpetrated at his home in the Mt. Lebanon section as a result of interracial social parties being held at the ARSHAN home. Subject suggested that ARSHAN drop his present attorney and retain either

[January 5, 1950] ~~(U)~~

(U) ~~(U)~~ T-4 advised that the subject attended a membership meeting of the North Side Section, District 5, CP, which was held at 943 Liberty Avenue. The meeting was called for the purpose of hearing a report on the united front (the new Party line) by JOHN WIDMAR, North Side Section Secretary, which was supplemented by a talk by the subject. Subject stated that the work in the united front was henceforth a most important task for the Communists. ALBERTSON stated that if we (Communists) can get several persons to join with us on any one issue, whether it be a strike for a wage increase, the Negro question, peace, or a fare increase (Pittsburgh Railway Company), this is what is meant by united front work.

in shopping bags; that the papers would be given away free; that if persons refused the paper, no argument was to be given; that those distributing the papers should not force them on anyone; that they should make no notes as to names and addresses and that if the paper was accepted, they should advise those taking it that they would return the following day with another issue. Subject instructed those working on the distribution to point out that the "Daily Worker" was the only paper in the nation supporting the strike of the UMWA and that they should request a subscription upon their return the following day.

February 1, 1950

(U) ~~C~~ [T-1] advised that the subject had remarked on the date indicated that District 5, CP had decided to reduce the number of persons who would visit Pittsburgh from the LYL in New York in connection with the "Daily Worker" distribution, from fifty to twenty, since it was believed that a quieter and more effective job could be performed with only twenty individuals.

February 1, 1950

(U) ~~C~~ [T-1] advised that the subject had instructed that if any trouble was experienced by the LYL members while distributing the "Daily Worker" throughout the coal mining area in Western Pennsylvania, the details should be noted and furnished to YEE STEINBERG (Pittsburgh attorney who is utilized by District 5, CP, on various occasions).

(U)

T-1 advised that the subject gave instruction on the date indicated to various members of the LYL who had come from New York to Pittsburgh to distribute the "Daily Worker" throughout the coal mining area of Western Pennsylvania, to avoid all contacts with the UMWA and not to distribute the newspapers on the street, in union halls, or any other place where the coal miners congregate, but to make the distribution on a house-to-house basis.

February 8, 1950

(U)

T-1 advised that the subject made the remark on the date indicated that he estimated the circulation of the "Worker" in Western Pennsylvania to be approximately one thousand copies per issue.

"His statement blistered the Board ruling that Communist and Progressive Party meetings no longer can be held in public school buildings. He termed the ruling a violation of the right of free speech and assembly. u

"'Communists pay their taxes..... just as do Republicans and Democrats'. He said, 'The Communist stands for peace and against war; the Quakers stand for peace and against war.' u

MEMORANDUM FOR THE ATTORNEY GENERAL

RE: WILLIAM ALBERTSON
Internal Security - C

William Albertson is trade union secretary of the Communist Party, District No. 7, Detroit, Michigan. He was recently appointed to this position, having previously served as organizational secretary of District No. 5, Pittsburgh, Pennsylvania. Since his arrival in Detroit, he has been active on the state board and instrumental in furthering decisions of the National Committee of the Communist Party in Michigan. He resides at 1449 Collingwood, Detroit, Michigan, telephone Townsend 56308.

A technical surveillance on the residence telephone of Albertson will be of material assistance in obtaining information on the trade union activities of the Communist Party in Michigan and will furnish results of conferences between leading Communist Party functionaries in that area.

I recommend, therefore, authorization for a technical surveillance on William Albertson's present address, 1449 Collingwood, Detroit, Michigan, telephone Townsend 56308, or such other address to which Albertson may move in the future.

(LOUIS BUDENZ 400)

LOUIS F. BUDENZ, formerly managing editor of the "Daily Worker" and a Communist Party functionary until he broke with the Party in October, 1945, has been interviewed during the past few months concerning the concealed Communists whom he knew. The person named above as the subject of this case, was one of those individuals whom BUDENZ described as a concealed Communist. BUDENZ describes a concealed Communist as one who does not hold himself out as a Communist and who would deny membership in the Party.

BUDENZ advised SA [REDACTED], on July 5, 1950, of all he knew concerning the subject that he felt was pertinent, and he dictated this information to a stenographer of this office, who was present during the interview.

He used, in order to bring out all he knew about the subject, the following set of questions. He considered all questions in connection with this subject. Where he did not comment on some particular question as to the activity of the subject, then it is because he had no knowledge. If he recalled anything about the subject as a result of these questions he dictated what he knew. The questions are as follows:

1. Identify individual
 - a. If observed a description and other identifying data;
 - b. If not seen, enough descriptive data about individual to positively identify him or her;
 - c. Any aliases
2. Narrate how he knows individual as a Communist.
 - a. If seen at a closed meeting, get date, place and persons present at meeting;
 - b. If told officially that individual was a Communist, who said it, what were the circumstances, and who was present;
 - c. Relate all occasions when he met or heard of individual as Communist.
3. Documents
 - a. Did individual ever write anything that might be considered Communist literature.
 1. For "Daily Worker", "New Masses", "Political Affairs", any front publications or other publications.

Additional questions were asked as a result of his answers to the above questions in order to fully develop his information.

Letter to Director

Attached is a blind memorandum dictated by LOUIS F. BUDENZ and containing all the pertinent information concerning the subject which BUDENZ could presently recollect.

The original of each memo has been reviewed by Mr. BUDENZ and he has made any necessary corrections and he has signed the original. The signed original of each memo is being retained in the confidential informant file of LOUIS F. BUDENZ, NY file 62-8988.

Since the individuals such as the subject of this case are, according to BUDENZ, concealed Communists and since they are, in most instances, persons of some prominence, it is suggested that if the information appearing in the attached blind memo is reported, then Mr. BUDENZ should be given a temporary confidential informant symbol.

For the information of the Bureau the subject is one of the 400 concealed Communists whom BUDENZ stated he knew. The names of these concealed Communists were sent to the Bureau in the case captioned "Communist Party, USA, Internal Security -C".

WILLIAM ALBERTSON

Also known widely as BILL ALBERTSON.

In 1943, ALBERTSON was the general organizer of the Hotel and Restaurant Workers Local 16.

I had met him repeatedly as a Communist trade unionist in many conferences prior to that time and starting in the later 1930's. ALBERTSON was one of those who appeared before the State Trade Union Commission in the late 1930's in New York; also was eventually a member of that commission.

Although ALBERTSON worked openly with the "DAILY WORKER", he denied Communist Party membership during a considerable part of the period I knew him up to 1945, although now and then appearing in such capacity for the Communist Party that it made his non-Communist role a rather peculiar one. Up to the time I left the Party, it is my personal knowledge in meeting with ALBERTSON he remained a very active Communist.

(U)

u Informant Detroit T-7 of known reliability, stated on July 2, 1950, that the key concentration point in Michigan is now the General Motors Corporation and that to further CP work in this organization and other automotive units, ALBERTSON was working full time for the Party and commuting from Detroit to Flint when necessary.

III. ACTIVITIES IN CONNECTION WITH PARTY POSITION

(U) Informant Detroit ^u [T-10] of known reliability, stated on May 16, 1950, that, according to FRANK MELDER, CP member at Grand Rapids, ALBERTSON had been sent to Grand Rapids to investigate the case of ROBERT LeBARON whose expulsion from the Party was under consideration. MELDER stated that ALBERTSON was familiar with the problem of "renegades" and FBI "stoops" inasmuch as he had been in New York and Pittsburgh and had conducted investigation prior to the expulsion of MATT CVETIC. MELDER further advised Informant that ALBERTSON wanted to speak to CP members in that area regarding LeBARON so that he could decide whether LeBARON left anyone in Grand Rapids to carry out his work as MATT CVETIC was trying to do. ^u

^u The Informant said that on May 14, 1950, ALBERTSON attended a meeting at the home of TED THEODORE, CP Sectional Organizer Grand Rapids, and criticized the members for not stopping LeBARON much before. ALBERTSON stated that the Bourgeoisie were trying to destroy the CP because they were afraid of it. He gave as an example the conviction of the eleven CP leaders in New York, and said that the ruling class was trying to destroy the Party (1) by passing such laws as the Mundt - Nixon Bill, (2) by planting FBI Agents in CP clubs and sections and by getting hold of dissatisfied members and in some cases forcing them to give information, and (3) by using "renegades like HARRISON GEORGE on the west coast." ALBERTSON also analyzed the situation which allowed Trotskyism to gain headway among CP members and gave examples of "stool pigeons" together with suggestions as to how to detect them. He stated the situation all started with EARL BROWDER. ^u

The Informant further stated that ALBERTSON attended a similar meeting in Muskegon on May 15, 1950, at the home of JENNIE HUBBARD and discussed the same matters covered at Grand Rapids. ^u

(U) Informant Detroit ~~T-5~~ stated on June 9, 1950, that ALBERTSON attended a district leadership meeting at which the concentration program and reorganization of the Trade Union Section were discussed. During the course of the meeting it was stated that General Motors is a national CP concentration point.

Informant Detroit T-17 stated on June 9, 1950, that JACK WHITE, Flint Section Organizer, had advised him that he had met with WILLIAM ALBERTSON on June 9, 1950, had outlined the Party situation in Flint and Pontiac for ALBERTSON and had arranged to have ALBERTSON meet five members of the Flint Section Committee on June 18, 1950. WHITE indicated that ALBERTSON had said that, according to the national plan, the peace campaign was to be the main campaign bar none with concentration second. (U)

(U) Informant Detroit ~~T-17~~ stated on June 12, 1950, that ELIZABETH GURLEY FLYNN, CP National Committeeman, and ALBERTSON had attended a Party picnic in Flint on that date. *Reclassified by 8160 on 12-80 22/644*

(U) Informant Detroit ~~T-10~~^{7ux} stated on June 12, 1950, that ALBERTSON was in Muskegon, Michigan, [arranging through TED THEODORE, CP organizer,] to make a check on the loyalty of all Party members there.

(U) Informant Detroit ~~T-5~~ stated on June 27, 1950, that in discussing the Korean war, ALBERTSON had stated that the Party's approach to the people should be one showing that the Korean People's Government is defending the nation against imperialist penetration and that the Party should raise the question of "hands off Korea and Formosa." He said that they should raise the question of a Presidential declaration of war being contrary to the Constitution but pointed out that they must be careful in this not to raise the question of an alliance of Communists. Finally, he said it had to be pointed out that this was a Korean - American war and not a Soviet - American war. He said that they had to get people to fight against having America or anyone else interfering in the Korean war.

(U) Informant Detroit ~~T-17~~ stated on July 20, 1950, that he had been advised by ALBERTSON that the latter had some dues money and two registrations to turn in from Flint.

(U) Informant Detroit ~~T-11~~ of known reliability, stated on July 20, 1950, that ALBERTSON went to the offices of the Civil Rights Congress *7x u*

(U)

Informant Detroit T-7 stated on August 1, 1950, that ALBERTSON had attended a recent CP meeting at the home of HOWARD TALK of Flint and was the principal speaker and instructor. The Stockholm Peace Pledge was discussed and it was stated that only 2,500 signatures had been obtained in Flint and that these had been secured by only four or five comrades. In reply to a question as to whether it was time to go underground, ALBERTSON stated that the Party entertained no such thought but that the Communists had to be prepared to take a great deal more abuse than they were presently taking. He said that leaflet distribution might have to be discontinued at plant gates during the day and be distributed at night. He also said that groups were being broken down into four members and that these members were to have discussions with members only in their own group. The Informant said that it had been decided that the industrial group should be under the direct supervision of ALBERTSON and that no one was to contact JACK WHITE, CP organizer in Flint, in this regard. At this meeting ALBERTSON also discussed the situation in Korea, comparing it to the situation in this country in 1776. He stated that the United States was using the same tactics as HITLER, said the Negroes in Korea were being used to put fear into the Negro people and said it was a shameful tactic using one group of oppressed colored people against another group of oppressed people. u

(U)

Informant Detroit T-4 stated on August 4, 1950, that ALBERTSON, TOM DENNIS and CARL WINTER had been called in to attend a special meeting at New York City on Tuesday, August 8, 1950. u

(U)

Informant Detroit T-13 of known reliability, stated on August 10, 1950, that several CP sections met together at CP Headquarters, 2419 Grand River Avenue, Detroit, to hear WILLIAM ALBERTSON's report on the Korean war. ALBERTSON stated in this connection that the Korean war was an unjust war and that the Koreans were fighting for their independence. u

(U)

Informant Detroit T-14 of known reliability, stated on August 10, 1950, that ALBERTSON attended the meeting previously reported by Informant T-13 regarding "the war against Korea" and stated, "We must continually explain the unjust character of this war - that it is a war against people who fight to determine their own destiny." ALBERTSON stated

that the task of the peace forces in the United States was to get millions more signatures for the Stockholm Peace Pledge, that they must struggle to seat China in the United Nations, must force the United Nations to declare publicly against the use of atomic instruments, and to support the proposals of Premier NEHRU. He said further that they must struggle for the rights of the Negro people as it would be impossible to stop the "American war makers without mass support of the Negro people and Negro workers."

(U)

Informant Detroit [T-15] of known reliability, stated on August 11, 1950, that ALBERTSON attended a meeting of CP west side leaders at Magnolia Hall, Detroit, where he was introduced by PHIL SCHATZ, Dearborn Section Organizer, for the CP as "one of our Party educational leaders" and again outlined the Korean situation and "our activities in connection with this all out imperialist attack on the people of Korea."

(U)

Informant Detroit [T-16] of known reliability, stated that on August 18, 1950, PHIL BART, associated with the "Daily Worker" in New York, met ALBERTSON at his home, 1449 Collingwood, at 8:00 A.M. and remained with him until approximately 3:30 P.M. that afternoon.

(U)

Informant Detroit [T-12] of known reliability, stated on September 5, 1950, that ALBERTSON met with LOUIS WEINSTOCK, CP national functionary, who was in town for the AFL painters' convention.

Informant Detroit T-17 stated on September 25, 1950, that ALBERTSON had told him that he had met with Party members GERALD BOYD, NAT GANLEY and TOM DENNIS on that day to discuss means of postponing the hearing to be held at the Buick local in Flint on charges against BERRY BLASSINGAME, CP member who was accused of conduct unbecoming a union member for passing out subversive literature and making certain statements. ALBERTSON had taken the position that the line of defense would be of a mass character on the subversive literature phase and that the supporting campaign for BLASSINGAME should be in terms of his right to think what he wants. It had been decided to get the local to block the resolution and to elect a committee to investigate.

IV. MISCELLANEOUS

Informant Detroit [T-6] stated on August 4, 1950, that ALBERTSON had attended a birthday party for GEORGE CROCKETT, Jr. held at 269 Erskine Avenue, Detroit. CROCKETT was the attorney for CARL WINTER at the New York trial.

(U)

Informant Detroit [T-11] also identified ALBERTSON as being present at the same function.

ADMINISTRATIVE PAGE

The following is the more or less complete text of ALBERTSON's statements on CP policy relative to the Korean war as reported by Informant Detroit [T-14] on August 10, 1950. ~~8X~~ u

(U)

"The United States has moved from the stage of war preparations to the stage of open aggression; aggression now is a key peg in U.S. foreign policy. This is true not only in Korea, but in other countries in Asia. U.S. policy from now on will be aggression against any people striving for national liberation. This struggle will be carried on in the name of Wall Street. u

"As the CP has always pointed out, U.S. policy had to lead to an invasion against peoples striving for national liberation. We, as Communists, must have the answers to questions which will convince the workers that this is an unjust war. Is this the beginning of World War III? The answer to that is that Korea does not have to be the beginning of the third world war. The key to stopping the Korean war from spreading to World War III is the American people; they have the power to smother the warmongers. If Wall Street sustains a victory in Korea, American Imperialism will move further. If American Imperialism experiences defeat in Korea, Wall Street will spread war to other countries. Korea can be the beginning of World War III just as Ethiopia was the beginning of World War II. But it need not follow that pattern. There are four possible patterns of development: u

- "1. The possibility of World War III with its various atomic weapons. u
- "2. Wall Street's 'one-at-a-time policy,' a policy of one protracted, undeclared war after another. That is Wall Street's present policy. u
- "3. The possibility of a temporary retreat by Wall Street which can be brought about by the rise of the peace movement and militant resistance among the peace forces in this country. Such a rout of Wall Street could create a basic change in American foreign policy. u
- "4. To change American foreign policy, the present U.S. Government will have to be changed into a people's government. A change in the present government can develop much more rapidly than we can foresee at the u

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

"moment, considering the movement toward war. What does Wall Street want in Korea? They want military bases, political things, etc., but they also want the rich resources of Korea, the rich oil deposits, the gold, the rubber, the tin, and especially the cheap labor in Korea. u

"We must continually explain the unjust character of this war—that it is a war against the people who fight to determine their own destiny. This war is directed not only against Korea; it is directed against the Phillipines, the Viet Nam, and China. The purpose of this Korean war is to also destroy the UN and make it a smoke screen to cover aggression, to drive the Soviet Union out of the UN and to keep China out. It is also intended to destroy all commitments which grew out of World War II, to establish a treaty with Japan in which the Soviet Union will be excluded, to establish bases in Japan which Wall Street needs for aggression. u

"The Stockholm Peace Pledge has grown to tremendous proportions. One objective of this war was to develop a counter-movement against this pledge. To this pledge belongs credit for TRUMAN's failure to use the A-bomb in Korea. u

"American militarism has taken a tremendous step toward World War III, even though that is not its particular objective at the moment. The Capitalist press states that the U.S. is not the aggressor in Korea. Wall Street was surprised in Korea. They expected developments in that country to parallel those which took place in Latin America in the 20's in which American Imperialism established puppets without the use of American troops. Thus they expected the RHEE army to fight and the North Korean army to fold up. But they forgot that the Koreans had years of experience against armed aggression. The Korean is a new type of fighter, a fighter for national liberation who is determined to free his country from any imperialist aggression. There was chauvinism among the brass which led them to suspect that colored people would not fight as whites fight. The imperialist country always has had a superiority in arms against the peoples fighting for liberation—as in Korea. Great Britain was an example of this during the American Revolution, and it is of ominous portent to the U.S. that Britain lost. Wall Street miscalculated in Korea, and when Wall Street invades Formosa, the Phillipines, and China, they will meet the same resistance as in Korea. American Imperialism will not succeed as it did in the 20's. u

"Now we have heard a lot about the peaceful co-existence of Capitalist and Communist nations. The Capitalist press is saying that this u

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

"peaceful co-existence is not possible. When we spoke of that peaceful possibility, we did not and never did say that the status quo must be maintained. Peaceful co-existence does not mean that the struggle for socialism will be postponed. There can never be peace through slavery. The greatest force for peace is the liberated peoples. Korea would be a great asset to the peace campaign if it were liberated from the yoke of U.S. Imperialism. Peaceful co-existence is still possible, but that does not mean that the struggle for Socialism in Capitalist countries will not continue, that does not mean that colonists will not fight for national liberation. u

"As for the UN we should have no illusions. We must have no illusions as to its rule. Remember the League. The UN could move in the same direction. Today, the UN is the hope of millions as an instrument for peace. But the UN has never succeeded in playing the role for which it was designed. Even in mediations, it was never able to fulfill its role. Now in the future, the UN cannot be neutral; it must uphold imperialist aggression. The UN, to be an instrument for peace, must oppose imperialist aggression against any country fighting for national liberation. The UN can never really be an instrument for peace unless New China is in its rightful seat in the Security Council. TRYGVE LIE is an active mobilizer against the people of Korea--a Capitalist representative. LIE was the person who called in HENRY WALLACE to his (LIE's) UN office and persuaded him to take the position he took with regard to the Progressive Party. LIE has today refused to make any statement with regard to use of the atomic bomb in Korea or any other place in the world. u

"The task of the peace forces in the U.S. at the present time is to fill the Stockholm Peace Pledge, with questions of the atomic bomb as the most active force with which to mobilize people. The Pledge has already performed a tremendous service in the U.S. But among our tasks we must get millions more of these signatures before the campaign--30,000 to 40,000 in Michigan alone. We must explain--so that the American worker will understand--that this is an unjust war, an Imperialist war, a war against colored people who want their freedom. We must continually explain this. Only by understanding this can Americans stop an unjust war. Also, we must struggle to seat China in the UN as provided by the UN charter. We must force the UN to declare publicly against the use of atomic instruments in general and to support the proposals of Premier NEHRU to end the Korean war. We must establish organizations in the shops and in the communities to carry out this program; we must establish a wide network of committees for this. We must struggle for the rights of the Negro people; it will be impossible to stop the American war-makers without mass support of the Negro people and the Negro workers. We must have concrete struggles on police brutality against Negroes, against lack of housing, against discrimination, for upgrading and other rights of Negro workers in the shops and unions, also, against the firing of Negro workers. u

Detroit file 100-16560

It is anticipated that the United States Supreme Court will, in the near future, render a decision relative to the eleven members of the National Board of the Communist Party, USA, who were found guilty of violating the Smith Act by the District Court Jury for the Southern District of New York.

In the event the Supreme Court upholds the constitutionality of the Act, it is quite possible the Department may desire to prosecute other leaders of the Communist Party.

You are instructed to make certain that:

Copies of all pertinent reports in this case were furnished to the interested United States Attorney including reports prepared subsequent to the discussion with the United States Attorney.

All requests by the United States Attorney for additional investigation have been complied with; and all leads relating to prosecution have been fully investigated and reported.

I desire that you make certain that all investigation necessary for trial purposes has been completed and reported and furnished to the United States Attorney in order that any delay in bringing this case to trial cannot be attributed to this Bureau.

The Bureau desires to be advised of the investigative status of this case, whether pertinent serials have been furnished to the United States Attorney and the present prosecutive status of this case.

The information requested should be furnished the Bureau by return mail.

Rebulet July 2, 1951 captioned "COMMUNIST PARTY, USA - BRIEF
(PROSECUTION OF ADDITIONAL COMMUNIST FUNCTIONARIES UNDER THE SMITH ACT).

Following news broadcasts concerning the arrest of seventeen CP leaders on June 20, 1951, ALBERTSON arranged to meet with CARL WINTER and later told his wife "he had been to a doctor and had been placed on a diet". She agreed that he would be needing a rest for a long time and, from their conversation, it appeared that she did not expect to see him for some time.

ALBERTSON has not been seen by agents or informants of the Detroit office since that time and apparently has not returned to 1449 Collingwood, which is his permanent address in Detroit.

Informants have been alerted to be on the lookout for the subject and spot checks of his wife are being conducted to determine if he is in contact with her.

[redacted] informed on July 5, 1951 that ARTHUR McPHAUL, Executive Secretary of the Civil Rights Congress of Michigan, had attended a meeting on that date and had received instructions to expand the CRC. It is believed that McPHAUL and WILLIAM ALLAN, DAILY WORKER correspondent, met with the State Board of the CP of Michigan, which includes ALBERTSON.

Investigation is continuing to determine ALBERTSON's whereabouts and the Bureau will be advised when he is located.

Educational Class for Group Leaders of the North Side Section (Pittsburgh, Pennsylvania), on January 18, 1949, which was held at 440 Wood Street, Pittsburgh. The class was devoted to a discussion of the "Theory and Practice of Communism". Subject stated that the Socialist Labor Party teaches that the fight is won if the economic struggle can be won; that the Anarchists teach that the fight is won if the political struggle is won; but that the Communists teach that the struggle can be won by winning the economic, political, and ideological fronts. During the course of the evening, the subject also stated that China has been liberated and that word might be expected any day of an upheaval within Italy or France, which will in turn finish the United States Marshall Plan.

Subject was present as an instructor at the Communist Party Educational Class held on January 25, 1949, for Leaders of the North Side Section of the Communist Party of Western Pennsylvania, at 440 Wood Street, Pittsburgh, Pennsylvania. The class discussed imperialism as set out in the "Marxist Study Book I". Subject stated that the United States is now in the imperialistic stage of Capitalism and that the next stage will be Socialism. With reference to the accusation made against the Communist advocacy of force and violence, JOE MANKIN, North Side Section Organizer, pointed out that Marx and Lenin both taught that a peaceful revolution is impossible. Subject said that MANKIN's statement was not true and that "we must be very careful, especially at the present time, in how we answer this question". According to the subject, force and violence is the result of the Capitalists' resistance to change. He elaborated that it was the Capitalists who caused force and violence by the workers; that if the majority of the people wanted Socialism and the Capitalists would not give up, then the only way the people can get Socialism is by fighting for it. As an example, he stated that if the workers are out on strike, and the Company tries to bring in "scabs", the workers resist. As a result, the Company calls the Police and the latter begin to club the workers, leaving

the workers in a position where they have to defend themselves, their economy, and their jobs. MANKIN argued that the "Communist Manifesto" set out that a revolution was not possible without violent over-throw. Subject answered that peaceful changes are possible only if the Capitalists give up their way of living without a fight. Subject continued that it would have been possible to achieve a peaceful change in the Soviet Union except that events made it necessary for Lenin to use force and violence. Subject added that a peaceful transition to Socialism could have been achieved in China, except for the fact that American and British imperialists armed the reactionary Chinese Government and made it necessary to use force to bring Socialism to that Government. Subject admitted that when the Capitalists will not give up their way of life without a fight, and the majority of the people want Socialism, then the only way to get it is by resorting to force. The conclusions drawn by the subject were that it is the Capitalists who control the Army and the Police force and who start the use of force and violence; the workers merely defend themselves because the Capitalists will not give up without a fight. He also stated that in the past it had been necessary to organize the workers for a struggle; that at the present time, such organization was not necessary, but that one could not say that it would not again be necessary at some future date. The subject concluded the class by condemning EARL BROWDER for trying to cooperate with Capitalism and attempting to reach the stage of Socialism by peaceful means..

The class dealt with Imperialism, war, and Fascism. Subject presented the question, "Is War Inevitable Under The Capitalistic System?". He answered this question by stating that Capitalism inevitably breeds war, but that war is not inevitable under Capitalism - if the people do not want to fight, the Capitalists cannot compel them to fight. Informant advised that most of the

individuals in attendance were of the belief that war is inevitable under Capitalism, but the subject answered that if this were so, what was the purpose of the Communist Party in working for peace. He reiterated that although Capitalism breeds war; if "we" can convince enough workers that war is not necessary, there will not be war; otherwise, subject continued, there would be no purpose in the Communist Party waging a peace struggle. Subject remarked that if the Capitalists in Italy and France attempt to take those countries into war, the people will not fight - certainly, they will not fight the Soviet Union. He added that it was also doubtful whether the people of Great Britain would support a Capitalistic war.

B. Statements Made by the Subject Showing Adherence to the Principles of Marxism-Leninism.

Subject attended a regular meeting of the City Council of the Communist Party of Pittsburgh on January 14, 1948, which was held at 440 Wood Street, Pittsburgh, Pennsylvania. At this meeting, the subject mentioned that the Food Branch of the Communist Party had secured more than 100 names on a petition backing HENRY A. WALLACE (for President of the United States), which had been circulated in the Hotel and Restaurant Workers' Union, American Federation of Labor. Subject also mentioned that although it was true that the Communist Party was, for the first time, recognized as a force within the coalition for Wallace, the Party members must not forget the independent role of the Party to fight within the coalition for Socialism. Subject stated that for the first time, known Communist leaders had been accepted in support of WALLACE, under their true affiliations, but he cautioned that the Party must work correctly within the coalition so that the WALLACE backers will not be in a position where they will have to repudiate the Party.

A letter, dated July 26, 1948, was issued by District 5, Communist Party - USA, Headquarters, at Pittsburgh, Pennsylvania, addressed "To All Club Executive Committees, To All Delegates To The District Convention", and enclosed a brief memorandum (consisting of fourteen pages), providing the main facts and information concerning the three day session of the District Convention of the Communist Party which was held July 9 - 11, 1948, at Pittsburgh, Pennsylvania. All of the major resolutions adopted by the Convention were included in the enclosed memorandum, as well as the section of the report delivered by Comrade ALBERTSON at the Convention, dealing with the Party's concentration work. The letter set forth that this section of Comrade ALBERTSON's report was adopted officially by the Convention as the resolution to guide the Party's work in the concentration industry and areas. Set forth, hereinafter, is a portion of the subject's report on concentration.

"But we are not just a group in these Unions. We are a political Party, a Marxist-Communist Party. We are the vanguard of the working class. As such, we must be in constant struggle to win the minds of the workers ideologically, to raise their level of understanding, to raise their level of class consciousness, to mobilize them in the fight for peace and against war, to arm them with the economic and political arguments for understanding in fighting the Marshall Plan, to lead them to an understanding of Socialism, based on their own daily experiences, as the only way for the working class."

The class] was based on Lesson III, entitled "War and Fascism", as contained in the "Theory and Practice of the Communist Party - Leninist Study Series I", which was prepared by the National Education Department of the Communist Party. The class, under the subject's guidance, discussed whether the first World War was a just war and it was finally decided that it was an unjust, imperialistic war. It was stated that the second World War was different from the first and the subject quoted STALIN by stating that the entry of the Soviet Union into the second World War strengthened the anti-Fascist and liberating character of the war. Subject stated that the American Communist Party had been wrong when it had branded World War II as an imperialistic war during 1940 and 1941. He stated that the slogan of "The Yanks Are Not Coming", etc., and the entire Communist Party program of opposition to the war, was a mistake.

Also at the meeting, subject mentioned "We would not support a war against the European Democracy or the Soviet Union or against Puerto Rico, if the United States went to war against these countries, because their patriotism is to the people and not to the Capitalist class. As Marxists, our patriotism is to them, not the Capitalists." In answer to a question as to how the Communist Party discussed the issue of Socialism with the workers, subject emphasized that "We work and struggle for the immediate needs of the workers and while we do this, we educate the working class to the needs and aims of Socialism." In answer to a question as to whether the United States was ready for Socialism, subject stated that the United States is "rotten ripe" for Socialism. He added that this country

had reached the highest stage of Capitalism - imperialism, and that Socialism would come to this country when the people were ready for it. He concluded that the people would be ready when the Communist Party, as the vanguard, convinced the workers that the Socialist program is the correct program.

Subject was present, [as an instructor, at the final session of a Marxist Class of the North Side Section of the Communist Party of Western Pennsylvania, held on March 22, 1949, at 440 Wood Street, Pittsburgh, Pennsylvania. The class] was based upon Lesson VI of Marxist Study Series I - "Theory and Practice of the Communist Party". With reference to the structure of the Communist Party, the subject stated that the Shop Branch was the basic branch, as compared with the Industrial and Community Branches. He stated that the character of the Congress of Industrial Organizations would be a lot different if the Communist Party had four or five members in the 100 Shop Branches in the Steel, Auto and Electrical Districts. He then cited several examples of how the Communist Party has given the impression of having more members in Shop Branches than actually exist. He stated that a comrade named JIM WEST, of Gary, Indiana, had recently related, at a meeting of the "Daily Worker" editors, held in Pittsburgh, Pennsylvania, that a non-Communist had once mentioned to WEST that the Communists could accomplish more in a certain Gary, Indiana, Steel Plant, if they had four or five thousand members instead of one thousand. "The truth," stated ALBERTSON, "was that there were only about a dozen Communist members in the above Steel Plant, but their activities had given the average steel worker the impression of a large Communist Party membership." He also stated that each Party member in a Shop should attempt to get four or five non-Party members to work in conjunction with him, so that when a non-Party member champions the same program as that advocated by the Communists at the meeting, he would also be looked upon as a Communist. Subject continued that the history of the Russian Revolution

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

revealed that the Revolution was lead by the Shop Branches and that all Communists say the workers will lead the Revolution with our Party as the vanguard.

With regard to the Democratic Centralism of the Communist Party, subject compared the general staff of the Army to the Communist Party National Committee. He stated that the Communist Party is both democratic and politically central - democratic in the sense that the National Leadership is chosen at the National Conventions and is entrusted with the responsibilities of leading the Party in policy, direction, and method. He continued that all Communist Party members are bound by the rule of the Convention to abide by the decisions of the chosen representatives of the Party, and that Comrades STALIN and LENIN had both stressed the necessity of democratic centralism.

C. Meetings Attended by Subject at Which the Principles of Marxism - Leninism were Advocated

Subject attended the 80th Birthday Banquet, sponsored by the Communist Party of Western Pennsylvania, in honor of PAT CUSH, an old-time militant Pittsburgh Communist, which was held on the evening of October 31, 1947, at the Fort Pitt Hotel, Tenth and Penn Avenue, Pittsburgh, Pennsylvania. Informant advised that at this meeting, ANDREW ONDA, Communist Party Secretary, Youngstown, Ohio, Branch, and later District 5, Communist Party - USA, Steel Organizer, delivered an address which he regarded as being one of the most inflammatory speeches made within recent years by a Communist Party member. ONDA's speech frequently made reference to the Bolshevik Revolution, the struggle of the people against the Capitalists, and intimated that such a struggle would come to the United States sometime in the near future. ONDA stressed that the Capitalists in this country are already frightened.

The subject attended the District Convention of the Communist Party of Western Pennsylvania, District 5, Communist Party - USA, which was held on July 9-11, 1948, at the North Side Carnegie Music Hall, Federal and East Ohio Streets, Pittsburgh, Pennsylvania.

A letter from District 5, Communist Party, Headquarters, dated July 6, 1948, addressed "To All Club Executive Committees and To All Delegates to the District Convention", enclosed a brief memorandum (fourteen pages) providing the main facts and information concerning the three day session of the District Convention, which was held July 9-11, 1948, at Pittsburgh. All of the major resolutions adopted by the Convention were included in the enclosed memorandum. Set forth hereinafter are excerpts from the "Resolutions on the Party's Tasks in the Struggle on the Theoretical Front":

* * * * *

"Our Party can play this vanguard role, only if All its activities are based on Marxist-Leninist theory. Without such a revolutionary theory, there can be no revolutionary movement. The profound truth of this Leninist principle must become the basis for the struggle within the ranks of the Party to master Marxist-Leninism. In the course of this struggle, we must develop a fundamental understanding of the Marxist principle, that the class struggle has a three-fold aspect and must be conducted on all three fronts - the economic, the political, and the ideological. Neglecting the struggle on the ideological front would result in destroying our Party's ability to play this role as the vanguard of the working class."

"The essence of the struggle for Marxism-Leninism must be based on the fight for the unity of theory and practice. Marxism is not a dogma, to be learned merely for formal knowledge. We must study Marxism-Leninism as a method, as a weapon, that will help determine our course in all struggles, whether they be political, economic, or personal."

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

"IT IS THE MOST POWERFUL WEAPON OUR COMMUNIST PARTY HAS. It provides confidence and perspective in all our activities. Above all, it arms the working class with a correct understanding of its fundamental role as the leading class force in the present day situation. Our ability to master Marxism-Leninism depends primarily on how well we learn to apply it in our day to day life and activities, on how we conduct the fight to make it the profit of the Party membership. Only on this basis can we bring our theory in convincing manner to the working class and the American people."

* * * * *

"At the same time; the sharpening class struggle and the pressure of bourgeois ideology creates greater dangers for the emergence of opportunists' tendencies, based on an out-look of abandoning the basic principles of Marxism-Leninism, find their reflection in an under estimation of building the United Front from below, in neglecting to conduct a merciless fight against white chauvinism, and, above all, the strong tendencies in our District toward liquidating the vanguard role and Marxist character of our Party."

* * * * *

"To start a plan of work for the Marxist-Leninist Training of cadres and Club Leadership, with the emphasis to be on the concentration areas and in developing Negro comrades for leadership in the Clubs and on All leading Committees. Such a plan should be based upon the organization of classes, basic political discussions, and clubs and higher Committees, and assistance toward stimulating independent, individual study of the basic works of Marxism-Leninism and of our Party's theoretical organization and 'Political Affairs'. In these concentration areas, it is essential that special attention be given to developing women and youth forces. Without doing this, it would be impossible

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

to speak seriously about fulfilling the responsibilities of our Party in these fields of work."

* * * * *

"The struggle for these tasks on the theoretical front will help steel our Party for the sharpening battles ahead, will raise the political level of our membership, and aid us to develop the cadres necessary to strengthen all phases of Party work and build our Party first and foremost in the basic industries and among the Negro people. As we develop this powerful weapon of Marxism-Leninism understanding within our Party, we can feel the greatest confidence that our Party will successfully meet all its grave responsibilities in the fight for peace, democracy, and a Socialist America."

B. Writings

An article appeared in "The New Masses" for June, 1929, Page 6, which was an article by WILLIAM ALBERTSON, entitled "We Get Expelled From College". This article indicated that ALBERTSON was Chairman of the Liberal Clubs Executive Committee - on class justice - at the University of Pittsburgh, and that the organization, by demanding its rights as a campus organization, had brought before the workers and students the basic issue in the fight, "the class control of education by Capitalists". This fight, according to the article, was based on the case of

TOM MOONEY and WARREN BILLINGS, who were given a life sentence for the purported hurling of a bomb into a preparedness parade in San Francisco at a strike of the San Francisco street car workers in 1916. ALBERTSON, as a member of the International Labor Defense, held a meeting in protest of MOONEY's case and as a result, was ordered to dissolve the Liberal Club at the University of Pittsburgh, but failed to do so.

On May 2, 1929, ARTHUR C. MC~~Y~~^{LS}DOWELL and the subject were told "By order of Chancellor JOHN C. BOWMAN, you are expelled because of your activities in the 'Liberal Club' since April 18, 1929". The expulsions took place and ALBERTSON related that "I was charged with being a Communist in the expulsion statement".

The article then related that this case was to be fought on the basis that a Communist had the right to go to school.

ALBERTSON stated that tens of thousands of members of the American Federation of Labor in the City of New York are for the opening of the second front in Western Europe. The article continued by stating that all arguments against immediate opening of the second front in Europe only strengthened Hitler's war machine by giving him more time.

The September, 1947, issue of "Political Affairs", Pages 827 to 835, inclusive, contains an article by the subject, entitled "Labor Fights Back", which deals with the purported unconstitutionality of the Taft-Hartley Law. There is being set forth herein-after a pertinent portion of this article.

"And to the extent that Communist and non-Communist trade Union leaders fight this red-baiting as an employer instrument, to that extent will the red-baiters find their employer instigated cries falling on deaf ears. Nothing and no one, not even the Slave Labor Law, and its conscious and unconscious aids inside the labor movement, can take away the right of the workers to elect anyone they choose, whether they be Communists or not, to positions of Union leadership.

"The Communist Party has proved by its policies and actions that its only interests are the advancement of the needs and desires of the workers and the defense of those interests against the attacks of big business. It is no accident, therefore, that members of trade unions, who are Communists, are always among the front line fight for victory for the workers and their unions in the struggle to improve labor's economic and political conditions. Progressive trade unionists are learning that the Communist Party is part and parcel of the American Labor and Progressive Movement, that the policies of that Party are in the interests of the workers and people generally, and to the extent that trade unionists who agree with these policies, speak out for them and defend them in discussions and debates with all trade union members, to that extent

will the red-baiters take 'second money' .

"Now that the Taft-Hartley Law has become law, such united labor action as was witnessed against its enactment must be increased a hundred-fold. Single unions, acting by themselves, will not find it easy to defend the interests of their membership. To be successful, they will have to unite in defense of one another, on a local community scale as well as nationally."

The August 1, 1948, issue of the Pennsylvania Edition of "The Worker", an East Coast Communist publication, in Section III, Page 1, Column 1, carried an article entitled, "Problems of Concentration and Party Building in Western Pennsylvania", which was written by the subject. Subject stated that the Communist Party, well organized and actively supported by the working class, is the only way to promote the struggle of the working class. The Party should be built along the political, ideological and organizational lines, and primarily among the basic industrial workers. He cited the achievements of the Party in the Pittsburgh District, making reference to the steel, coal, and electrical workers, economic gains, and the organized resistance to the Mundt-Nixon Bill. He mentioned that one way to increase growth in the Communist Party in influence and membership is to concentrate on steel, mining, and electrical workers, and also on the Negroes; and that the Communist Party should take an active part in any questions arising in relation to the foregoing. He stated that the main industrial base of the Party in this area is in the electrical organization, and that this base must be strengthened; that the

Party must not be content to concern themselves only with wages, WALLACE agitation, and the building of the Progressive Party organizations, but must attempt to win the minds of the worker, ideologically, to make them class conscious and to mobilize them for the fight for peace and against war; and that they may understand and fight against the Marshall Plan, and thus realize the advantages of Socialism. This concentration, he stated, means that every organization in which the Party has influence must develop the theories of class consciousness. The year 1948 was announced to be the year of building for the Party and that all decisions coming from higher levels on Party policy should be brought to the clubs for discussion and execution amongst the masses. He mentioned the matter of Communists, stating that they were individuals who had voluntarily accepted the position of leading the working class to win for them the reorganization of the Capitalist Society to a Socialist Society. He cautioned about the infiltration of non-believers and urged the highest degree of vigilance to assist in wiping them out.
